(ALL EVENTS: 2000 METRES)

NEPEAN RIVER PENRITH

This aerial shot of the beautiful Nepean River, by Milton C. Kent shows the 2000 metres course to be used in to-days races. The small island above the bridge on the right marks the finish of all events.

OLYMPIC ROWING TRIALS

The Australian Champion Eights and Sculls are the official A.A.R.C. Trials for selection to represent Australia at the Tokyo Olympic Games.

Notice to Competitors

**Competitors must be at their Stations FIVE
minutes before time appointed for starting.**

Signals to Start and Finish shall be by GUNFIRE.

If the Starter considers the start unsatisfactory, he may, within ten seconds thereafter, recall the competitors to their stations, and any competitor refusing to start again shall be disqualified. The signal recalling competitors shall be one gunshot.

In the event of any breakage of an oar or boat fittings during the first half minute's rowing, the race shall be stopped and re-started from the original starting point.

Any crew or sculler leaving its or his true course during the race, and thereby impeding by its or his wash or otherwise any other competing crew or sculler, shall be liable to disqualification. A boat's true course is the shortest way to the winning post, leaving room for all opposing boats to come up level in the position in which they started.

Waving of a red flag by the Umpire shall be the signal to stop rowing should the Umpire wish to stop the race.

STARTING STATIONS are numbered from the Penrith Bank.

ACKNOWLEDGEMENTS

The President and Members of the New South Wales Rowing Association offer their sincere thanks to the many people who have assisted with the arrangements for today's function, whose valuable co-operation is deeply appreciated.

In particular we acknowledge the invaluable help given by the Mayor and Aldermen of the Penrith Municipal Council.

EVENT 7

PRESIDENT'S CUP

The Australian Amateur Rowing Council as it is constituted today, was first formed in 1920, following a lapse of six years in Interstate Rowing because of the First World War. The first President of the Council, Mr. E. R. Watchorn, of Tasmania, donated the President's Cup for Competition for the Australian Single Sculling Championship, thus ensuring a perpetual trophy for each of the Australian Rowing Championships which the Council proposed to conduct annually.

HISTORY OF INTERSTATE EIGHT OARED ROWING

Prior to the year 1878, various boat races between the Australian States had taken place in four-oared gigs. In 1878, the first boat race was rowed in eights between any of the colonies, on this occasion Victoria defeating New South Wales. The earliest boat race on record between the two mentioned States took place in 1863 in gigs over a three-mile course on the Parramatta River, the New South Wales crew winning in 19 min. 25 secs. In 1870, a four-oared race took place at the Balmain regatta, New South Wales, which was won by the home State against crews from Tasmania, Victoria not being represented. In 1872, a race was rowed over a five-mile course on the Derwent River, Tasmania, the Sydney Rowing Club winning from the Parramatta Rowing Club, a Barwon River Rowing Club (Victoria), and some Hobart clubs, the time for the race being 36 min. 30 secs. The same year, over a course of 7,000 yards long on the harbour, two crews from the Sydney Rowing Club defeated a representative Victorian crew. In 1873, Victoria had her revenge with a crew selected from members of three clubs, beating crews from the Sydney Rowing Club, Hobart Town, Geelong, and two from Ballarat. The race, rowed over a four-mile course on the Lower Yarra, occupied 25 min. 30 secs., and is officially looked upon as the first Interstate race. The following year, New South Wales won from Victoria over a course on the Parramatta, the distance being 3 miles 300 yards and the time 21 min. 59 secs.

For some considerable time after this, the race lapsed, but in 1888, a Victorian four visited New South Wales, and stroked by the late George Upward, won from New Zealand, with New South Wales in third place and Tasmania last. In 1896, the last of the Interstate four-oared races in out-riggers was rowed over a distance of two and a quarter miles, on the Parramatta, Victoria winning from New Zealand, with New South Wales third.

The first Interstate eight-oared race took place on March 6th, 1878, over a four-mile course, on the Lower Yarra, Melbourne. This was the first of what is today our greatest rowing event. Victoria won by two lengths. In 1888, two races were rowed, one in New South Wales and the other in Victoria, both events going to Victoria.
