

2011 Program

AUSTRALIAN ROWING
CHAMPIONSHIPS
ADELAIDE 2011

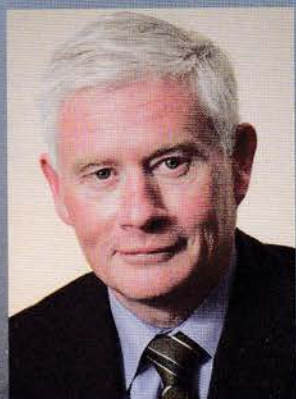

7TH - 13TH MARCH

Welcome

To the 2011 Australian Rowing Championships, West Lakes

MINISTERS WELCOME

Welcome to Adelaide for the 2011 Australian Rowing Championships. We are thrilled to have the event back in Adelaide after 12 years. It is a great time to be in Adelaide, with WOMAdeelaide, the Adelaide Fringe, Clipsal 500 Adelaide, Come Out Festival and the Adelaide Casino Adelaide Cup all

on now or starting in the next few days.

More than 2,000 athletes from 150 schools, clubs and elite sporting authorities from around the country will compete at the recently upgraded, international standard A.M. Ramsay course at West Lakes.

Spectators will be treated to a spectacular week of world-class rowing and we are expecting to welcome many visitors from interstate.

South Australia has a great record in hosting world-class events and I hope you can stay beyond the rowing championships to enjoy more of what we have to offer. I encourage you to get out to the regions and enjoy some exceptional food and wine, the great Murray River or some of our wonderful beaches.

Plenty of behind-the-scenes work goes into making these events a success and I thank everyone involved in bringing together this year's championships. Congratulations to the athletes, parents, officials, sponsors, spectators and, of course, the volunteers, for their dedication to this event.

Here's to a week of strong competition and good sportsmanship – good luck to the competitors and enjoy your stay.

Hon JOHN RAU MP

Attorney-General
Minister for Justice
Minister for Tourism

PRESIDENTS REPORT (ROWING AUST)

On behalf of the Board and Council of Rowing Australia, it is with great pleasure that I welcome athletes, coaches, sponsors, officials, guests and supporters to the 2011 Australian Rowing Championships and Interstate Regatta.

This is the first national event to be conducted in

South Australia since the 1999 Australian Rowing Championships and Rowing Australia is delighted that the pinnacle event of our domestic season has returned to the fabulous West Lakes course.

Over \$2.4 million has been spent on upgrading the infrastructure of the course and Rowing Australia sincerely thanks all involved, particularly the City of Charles Sturt Council, the Minister for Recreation, Sport and Racing, the Office of Recreation and Sport and Rowing South Australia for their tireless work in developing this magnificent facility which is a credit to all involved. West Lakes truly is a fantastic asset for the South Australian Rowing Community.

These Championships come at an exciting time for Australian rowing both on and off the water. We have now passed the half way mark of the Olympic quadrennium and should be encouraged by the performances of our elite rowers as they prepare for 2011 World Rowing Championships which double as the qualification regatta for the 2012 London Olympic and Paralympic Games. The 2010 International season featured the return of a number of experienced athletes and culminated in 1 gold, 4 silver and 3 bronze medals at the Senior World Championships, to complement strong performances by Australian crews at the Junior, Under 23, World University, Youth Olympic and Commonwealth Rowing Championships. The 2011 World Rowing Championships are also the qualification regatta for the 2012 Olympic Games

Off the water it has been a great pleasure to chair the Board of Rowing Australia during the first year of my Presidency and to observe RA's progress throughout this time as it continues to go from strength to strength in all aspects of its operation.

Following its significant contribution to the Independent Sport Panel Report, RA provided further submissions to the ASC for a distribution of the additional Federal Government funds and was pleased to receive an additional allocation of \$1.5 million per annum devoted to the continuing success of its High Performance program. RA was disappointed not to receive any additional funding

for participation and development programs but continues to devote significant time and resources into the Community Development area of its operations

Consistent with this focus on the development of the rowing community RA has expanded the availability of 'club only' events at this year's event. I hope that this will be the genesis for a reinvigoration of club rowing within Australia and that club racing at future Australian Rowing Championships continues to develop and expand.

The 2011 Australian Rowing Championships and Interstate Regatta is set to be yet another exciting event combining some of our most experienced athletes with some of the world's most promising emerging talents who will lead Australian rowing through the coming quadrennium. The fact that these Championships are also a key qualification regatta in the National Team selection process provides further excitement and importance to the racing throughout the week.

On behalf of Rowing Australia, I extend our thanks to the President of Rowing South Australia, Mr Bob Pennington, and to the Chairperson of the Organising Committee, Ms Lisa Daw, and her team for their expertise, professionalism and co-operation in organising what promises to be a highly successful and enjoyable regatta. Additionally, Rowing South Australia is to be congratulated on securing a number of exciting commercial arrangements for the event, not least of which is the live streaming of the Australian Rowing Championships and Interstate Regatta on WCSN. Moreover, I would like to thank the many Boat Race Officials and volunteers for their invaluable assistance and organisation during this event.

Finally, I would like to wish every participant the very best of luck for their races throughout the week. I look forward to witnessing some great racing and enjoying the continued rivalry of the Interstate Regatta.

Colin Smith

President - Rowing Australia.

MAYORS REPORT

Welcome to the City of Charles Sturt and to our beautiful West Lakes.

Our City is a vibrant and friendly place to live with a population of 105,000 extending from the city to the sea. We are a community that values different cultures and the diversity of ideas, perspective and experience

that they bring to our City.

We are very proud to share our heritage, our historic precincts, our coastline and our beautiful city with visitors and residents alike.

I would like to extend a warm welcome to the competitors, coaches, support staff, families and spectators attending the 2011 National Rowing Championships in our City.

The Organising Committee has spent a great deal of time working with Council to ensure this event is a fantastic experience for both rowers and spectators.

We look forward to witnessing the fierce competition and friendly rivalry and are proud to host such an important sporting event.

Thank you to Rowing SA and the volunteers who will work tirelessly over the regatta to provide high quality service to competitors and spectators alike.

We are pleased to have you join us in the City of Charles Sturt!

Kirsten Alexander
City of Charles Sturt

NRCE REPORT

Noel Donaldson AIS/National Head Coach, Men

The Organising Committee of these Championships have asked me to commit to writing "who's hot" in elite rowing at present. What a way to lose friends if I get it wrong - here goes anyway and good luck to all competitors.

The month of January has seen all of our elites on category camps in Canberra at the National Rowing Centre of Excellence and from this we have seen first hand how they are tracking. Recently there was a very large turnout of these athletes at the NSW State Championships. We are working on building on the 2010 World Championships results and warmly welcome back to training this season Scott Brennan and Drew Ginn to make a full complement of our Beijing Olympic medallists.

At the time of writing the entries had not closed so please excuse me if there are any mistakes.

Lightweights:

Although much thought and planning is going into effective weight making strategies the National

Championships are conducted on FISA rules and hence you will see plenty of extra clothing being worn by these athletes as it will be a challenge to get to the weight targets so early in the season. It will be a little easier for the scullers (Women 59kg / Men 72.5kg) but much harder for the sweep men where the crew average is 70kg.

Girls:

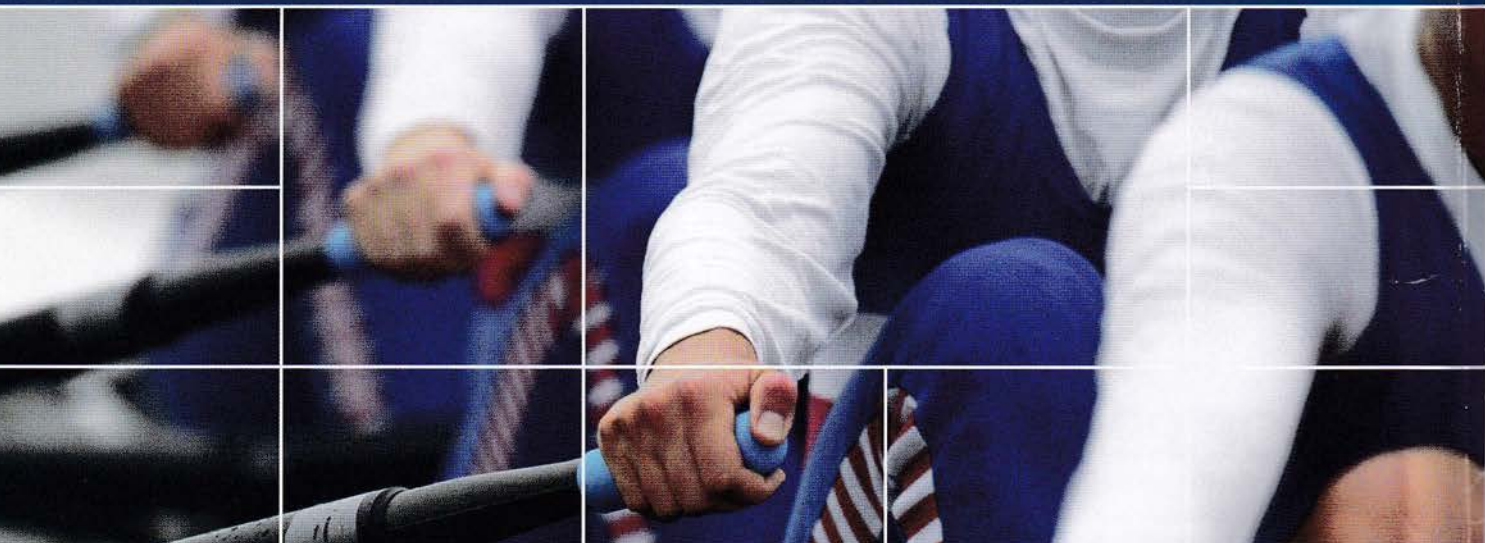

The standouts should be the two members of the 2010 National Team, Hannah Every-Hall (Dutton Park) and Alice McNamara (MUBC). Alice recently won the race up the Empire State building in New York so she must have plenty of power in her legs. We were all hopeful of a possible comeback to rowing of South Australian champion Amber Halliday but with her very nasty bicycle accident recently we'll have to wait a little longer. We all wish Amber a speedy recovery - all of our thoughts are with her. Tasmanian Carly Cottam has moved recently to the Sunshine Coast and the former World Under 23 Champion has the potential to cause an upset. Maia Simmons (WA) is very new to this level but has made excellent progress this season and Kylie Duff (UTS) is having a good season to date.

The Victoria Cup for the interstate quads is an open event this season. Multiple titleholders Victoria will be strong but Queensland and New South Wales with large numbers in this category could also give

Australian Government
Australian Sports Commission

WINNING PARTNERSHIP

The Australian Sports Commission proudly supports Rowing Australia

The Australian Sports Commission is the Australian Government agency that develops, supports and invests in sport at all levels in Australia. Rowing Australia has worked closely with the Australian Sports Commission to develop rowing from community participation to high-level performance.

Rowing Australia is one of many national sporting organisations that has formed a winning partnership with the Australian Sports Commission to develop its sport in Australia.

them a run for their money. Tasmania had been the big improvers and a lot may rest on young Eve Muir's shoulders to ensure her older teammates are available and in form. An open race for the medals.

Boys:

With silver medals in the four and eight at the World Championships in New Zealand we can now expect much deeper quality in the racing in these events. The pair will be an exciting event with many excellent pairings. On form the likely leaders will come from Sam Beltz (Lindisfarne) and Anthony Edwards (New Norfolk); Todd Skipworth and Ben Cureton (Swan River); Rod Chisholm (UTS and Blair Tunevitsch (Tamar). Beijing Olympian Tom Gibson (Huon) is back and teaming with Ali Foot (Tamar). Eights teammates Perry Ward and Ross Brown (Swan River) and Darryn Purcell (Toowong) with Nick Baker (Mercantile) will also look towards the final. With Rod Chisholm racing this season we now have all six of the Beijing Olympics lightweight squad in serious contention for the lightweight four our target boat for the London Olympics. New National coach Brett Crow will be licking his lips at the standard of his charges in this event. My money is on Beltz and Edwards but only just from former titleholders Cureton and Skipworth with new combination and recent New South Wales champions Chisholm and Tunevitsch ready to challenge.

The lightweight single scull will not be the same standard with the emphasis on the senior level in sweep rowing so it gives a great opportunity for those athletes not pairing up to become the National Champion.

The Penrith Cup will again be a grudge match between Western Australia and Tasmania. Both crews will go head to head in the National Championships as well. So often the race result has been reversed between these two races so keep an eye out for how this mini drama will play out over the week. I'm not going to put any money on the winner - I'm cheering for you all boys!

Heavyweights:

Girls:

Quality not quantity prevails in the girls heavyweights with a greater number contesting the sculling events over the sweep events. With the Australian women's double scull picking up a couple of medals overseas last season and the women's pairs a couple of 4th places we are at world standard and building.

The women's pair will be a showdown between the World Championships combination of Sarah Tait (Mercantile) and Phoebe Stanley (MUBC) against Pauline Frasca and Kate Hornsey (Mercantile). Sarah and Phoebe won the stoush in New South Wales but with Pauline and Kate swapping seats in the boat watch how this unfolds. The bronze medal should be open and a great reward for the next best crew.

The sculling field is very open. Kim Crow (MUBC), Sally Kehoe (UQBC) and Kerry Hore (New Norfolk) all picked up a share of a silver medal in the overseas regattas and have had great rivalry in the past few seasons. Brooke Pratley (SUBC) the former World Double Sculls champion from 2006 is back with a full preparation under her belt and is now another serious contender. Kehoe is returning from surgery and loves this type of racing, Hore won well in New South Wales and Crow won a bronze at the Munich World Cup to be Australia's first medallist in this event. To add to this field Beijing Olympics single sculler Phillip Savage (UQBC) is back in training and now based in Melbourne ready for another assault at the title. The single looks like being a real cracker of an event and with large entries there will be plenty of cat and mouse through the semi finals before the placegetters will be known. I'm scared to make a prediction in the single, and throw in Sarah Cook (SUBC) into the doubles rotations we are going to see some great racing in this event as well.

The Interstate races for the heavyweights or as they sometimes prefer open weight are both the Nell Slatter Trophy for the single sculls and the Queens Cup (ex ULVA Trophy) for the women's eights. The leading scullers are well spread across the States so this becomes a very open race. Follow the form from the National Championships for your guide to this race. Victoria will start as raging favourites in the Queens Cup and are likely to continue their dominance in this event. There are a talented bunch of young girls in South Australia who have the ability to take out a second place depending on the balance between this crew and their Youth Eight. NSW or Queensland will fill a medal position to round out this field.

Boys (sweep):

There is quite a deal of depth of talent in this category and with the Olympic pair gold medallists Drew Ginn (Mercantile) and Duncan Free (UQBC) spread across two different pairs it will make for interesting viewing. Ginn will row with Josh Dunkley-Smith (Mercantile) who already is a successful international in his own right and Free will row with Sam Conrad (UQBC) who last raced in the Beijing Olympics Men's eight. Drew and Josh won the NSW Champs and through injury and illness we will await the form of Duncan and Sam. Pressing them will be Nick Purnell and Sam Loch (SUBC) eights bronze medallists; the National Champions James Marburg and Cameron McKenzie-McHarg (MUBC); and the rest!! The rest contains in different boats Olympic silver medallists from the coxless four Francis Hegerty (SUBC) rowing with Josh Booth (MUBC) and Matt Ryan (SUBC) rowing with Fergus Pragnell (SUBC). USA import Brodie Buckland (SUBC) will team with Tom Larkins (MUBC) and their lead up form has been sound. There are some great racers not named here who are also Australian representatives and as the writer is a coach in this category he knows that making the final will

not be an easy feat for any crew. Of the 10 elite pairs entered 8 of them will earn automatic qualification to the April Selection regatta so the B Final will be an exciting race as well. The pairs will form into groups of 2 to row in the coxless fours and we'll see 5 very good crews tussle it out.

The Kings Cup will be a showdown between titleholders NSW and the big white V of Victoria. Both crews have international medal winning coxswains in Toby Lister (NSW) and David Webster (Vic). These little men will not be shy when the lights turn green to steer their crews in what will be one of the best Kings Cups in history. My money is on South Australia for bronze as they were last year. With World Champion coxed pair rower Chris Morgan, Bryn Coudraye and James McRae on board they should be able to hold off Queensland and WA for the bronze.

Boys (sculling):

The top ten scullers in the country are not unlike the sweep group where both talent and depth prevail. The versatile Chris Morgan (AUBC) won the NSW title with his South Australian teammate James McRae (Murray Bridge) from the Men's quad being runner up. With a home Nationals they will be keen to impress. Chasing them will be David Crawshay (Mercantile) the Beijing Olympics double scull gold medallist; Karsten Forsterling (MUBC) from the Men's quad; Scott Brennan (Lindisfarne) the other half of the Olympic double back racing and getting better with every hit out. Sasha Belonogoff (SUBC) is the reigning Under 23 Champion and he will be keen to impress in the senior event. Dan Noonan (Mosman), the stroke of the Men's quad and 2008 National Champion in the single cannot be overlooked to be on the dias.

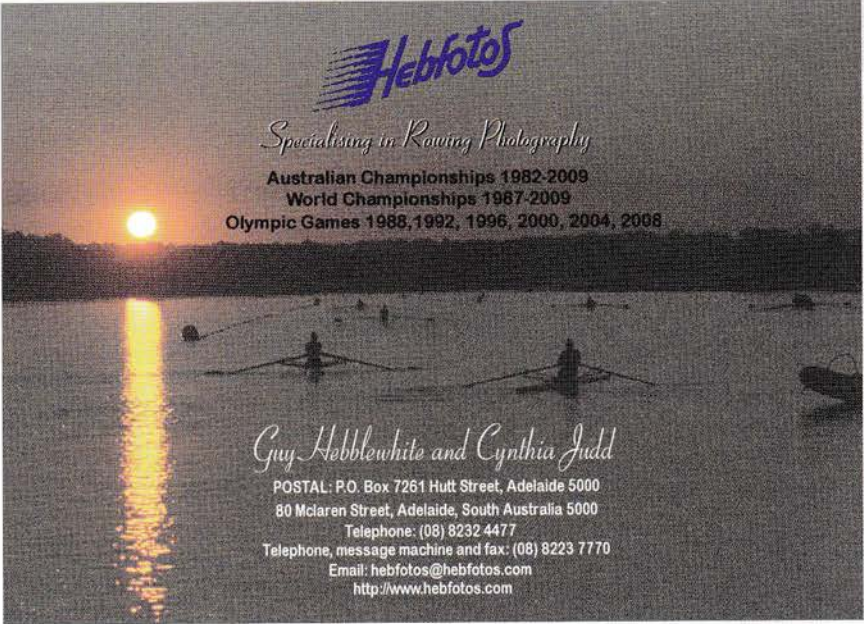

These top guys will form double scull and quad scull combinations that will be world class. Brennan and Crawshay will race together in the double for the first

time since Beijing in a top flight race. Training form has been good and they will be chased down by the local lads Morgan and McRae. Later in the week the quads will rumble down with all the top guys except Brennan and Crawshay. Expect a world class performance where these boats also contain other notable athletes in Nick Hudson (SUBC) and Jared Bidwell (UQBC) from the silver medal world quad in 2009; and Brendan Long (Tamar) who is returning from injury – he holds the world best time in this event. Exciting racing throughout this category in all events awaits.

The Presidents Cup for the interstate single sculls is a prestigious event. Picking a winner is difficult as some of the top guys will also like seats in their Kings Cup eights so the starters are yet unknown. Like the women's single the National Championship single final will also provide a good guide to placegetters.

Rounding it out the public and rowing supporters will be treated to some great racing. There is no doubt that as we are progressing through the Olympiad the standard has constantly been rising and now we have all likely London Olympians back racing and it would seem at present every one of them healthy enough to race. West Lakes brings that unique closeness in venue where the atmosphere created around these international athletes will be enjoyable for all present.

PRESIDENTS REPORT (ROWING SA)

Rowing SA, on behalf of all its Clubs and members, is proud to welcome the Australian rowing community to the 2011 Australian Rowing Championships; the first to be held at West Lakes since 1999.

The re-birth of West Lakes as a world class rowing venue was due to a very astute and very welcomed

investment by the South Australian Government. This 2.3 million dollar investment has resulted in the provision of essential infrastructure, including a new starting and aligning installation, "albano" buoys system, pontoon at the finish, finish tower development, timing system and camera, etc., which now enables us to lay claim to a truly international competition venue. Like most similar courses around the world, West Lakes is a multi-purpose venue which is managed by Rowing SA on behalf of, not only rowing, but also our partners, Canoe SA and the SA Dragon Boat Association.

Apart from our major sponsor, Events SA, we are greatly indebted to our local council, the City of Charles Sturt. The work that they have done and the co-operation that we have received is evidenced by the beautiful surrounds to our rowing course.

Planning for the 2011 Australian Rowing Championships began over two years ago with the establishment of the Organising Committee. We have been most fortunate in obtaining the services of Lisa Daw to chair the committee. Lisa's professionalism, enthusiasm and wide range of business contacts (and friends) have resulted in a committee that is an outstanding business unit. This committee has been ably supported by the Rowing SA administration. Deb White, our General Manager and Chris Firth have worked incredible hours in preparation for these championships.

To mention any of the many volunteers will risk offending some, but I must single out a few whose contribution has been exceptional. Tim Ward, our course manager, has seldom missed a day in the last three months, assembling and maintaining the course infrastructure, manufacturing nearly two hundred boat racks and attending to the countless repair and maintenance tasks on our property. He has been ably supported by a number of lieutenants including Brett Ralph, Greg Melbourne, Phil Gebhardt and Barry Cundell. One of the most demanding portfolios for any organising committee is that of volunteer co-ordinator. Penny Halliday had this role until her daughter, Amber, suffered a very serious cycling accident. This has been a shock to all of Amber's

friends in rowing and, of course, has changed the family's priorities. We wish Amber all the best for her recovery and assure Penny, John and family that our thoughts are with them.

We, at Rowing SA wish you a successful and rewarding Regatta but, above all we hope you have pleasant memories of your time in South Australia.

Bob Pennington

KINGS CUP REUNION FOR SA ROWING

SA is hosting the National and Interstate rowing regattas on the Alex Ramsay International rowing regatta course at West Lakes 7th to 13th March this year.

A highlight of the non racing activities will be a 30 year reunion of the SA mens Kings Cup crews who won a "hat trick" of Kings Cups in 1981, 1982 and 1983.

The SA State rowing team of the 1980's can claim to be the most successful SA mens State and Interstate representative sporting team of the 1980's.

Interstate mens rowing is an easy sport to rank in those years as one major race was held over the Olympic 2000 metre distance with all the six states lined up and racing for the coveted Kings Cup trophy.

There was no Kings Cup held in 1989 because of a cyclone at the race venue in WA so as well as its 3 victories, SA were second in 1984, 1985 and 1988 and third in 1980 and 1986.

The 1981 victory was the first for SA in the great race for 44 years and signalled the end of a frustrating run of close finishes.

SA finished second in the Kings Cup 6 times in the 1970's, several times by less than a one second margin.

When the SA crew led for most of the 1980 Kings Cup on Lake Wendouree at Ballarat only to be crunched in to third place in another close finish there were many SA rowers and supporters who wondered if we would ever see victory in the famous race again.

But six of that 1980 SA crew were selected in the Australian Olympic team for Moscow and four of them were back in the 1981 crew and significantly one of the most experienced SA rowers from the Moscow team, Bill Dankbaar, became one of the 1981 coaches.

Dankbaar coached with Bob Cooper, who was a former SA and Australian lightweight rower and between them won the "hat trick" of Kings Cups.

All three victories were in a red painted wooden racing boat named after the then state team sponsor, TOYOTA.

In the 1981 race SA broke the Kings Cup race record time which had stood for over 20 years and then broke that record time in 1983.

Oarsome!

A RECORD 7.4 MILLION PASSENGERS TRAVELLED
THROUGH ADELAIDE AIRPORT IN 2010

- New direct international flights operating 3 times a week with Pacific Blue to Bali
- More airlines now flying to more local and international destinations

www.adelaideairport.com.au

Plans are for the reunion crews to do a "row past" in the lovingly restored red boat and using the original wooden oars at the 2011 Interstate regatta.

This is the first time SA has hosted the Interstate and National regattas for 12 years and it seems an appropriate time to pay tribute to those winning crews.

Unfortunately Tim Willoughby, who won a bronze medal in the Australian 8 at the 1984 Olympics in Los Angeles, died suddenly in 2008 and will be sadly missed at the reunion.

John Bentley, Tim Willoughby, Bruce Keynes and Michael Nielsen were in all three winning crews.

John Quigley, Steve Mann, Chester McDonald and Graham Keynes won twice along with coxswain Gavin Thredgold.

Brenton Parsons coxed the 1981 crew with other first time winners Rob Lang, Nigel Winter and Henry Duncan.

Jamie Nicholson was the only newcomer in the 1983 crew taking McDonald's seat when he shifted to row for NSW that year.

Peter Giacchino was the SA State team manager for all three winning crews.

It is hoped the great oldies can make an appearance on the water between the end of the National regatta and before the start of the Interstate races on Sunday 13th March.

I predict these 7 day regattas will be the largest rowing regatta ever held in Australia with over 3,000 individual competitors racing.

One of the reasons is because of the close proximity of the regatta course to all the city facilities of Adelaide, no other course in Australia is so geographically well located.

The National regatta has been getting bigger each year and the novelty of racing in Adelaide will be a first time experience for the majority of rowers of all ages from all the other states.

Phillip Mangelsdorf

the **REGATTA** shop

Designer Paintworks are proud to introduce their new rowing label **The Regatta Shop**

The Regatta Shop is the official event merchandise supplier and a sponsor for the 2011 Australian National Rowing Championships.

The range of garments and accessories features the Sturt Desert Pea inspired logo. The range includes navy rugby jerseys and track pants as well as hoodies, polos, t-shirts, and singlets in red, navy or white.

You no longer have to wait until your next regatta day to purchase all your favourite rowing gear.

In addition to our presence at regattas, you can now shop online at our new website

www.theregattashop.com.au

Browse through our fantastic collection of casual wear, Rowing Australia merchandise, 2XU compression and run tops, accessories and our new range of UV protection UPF50+ training garments.

UV protection clothing is fast becoming an integral part of our range, and our latest training tops are feather light and have UPF50+, making it the smartest, coolest option available to rowers for sun protection.

OSTI'S ANALYSIS

After years of bragging to the Australian rowing community about the superiority of West Lakes, I finally have the opportunity to welcome everyone to South Australia. There have been quite a few changes since 1999 when the National championships were last held at West Lakes, and I was a slightly-too-eager youth, holding bow balls from a dingy at the start line. There has been a complete rejuvenation of the regatta course over the last few years and, yes, it may be a little cosy... but breathe in the fresh sea air and get excited for some good racing.

As we draw closer to the London Olympics, the caliber of athletes and racing standards are on the rise. Some of the more experienced rowers have returned, with many exciting young up-and-comers rivaling them for their seats. The senior athletes have had a non-existent off-season, having only returned from the World Championships in November. They'll be backing up their solid performances in New Zealand in preparation for April's selection regatta.

So, in what is going to be some extremely competitive racing, here is some background for who to watch out for in a sample of the senior events. Without much authority of my own, I have had some input from Zoltan Shepard (South Australian minor celebrity and SASI coach).

Women's Single Scull (W1X)

2010 Champion: Sally Kehoe

Who to watch in 2011: Being the only Australian female in decades to medal in the scull on a world scale, it would be hard to tip against Kim Crow after she won the silver in Munich. The sweeper-turned-sculler (and my personal hero) will be well contested by Sally Kehoe and Kerry Hore.

Men's Single Scull (M1X)

2010 Champion: Chris Morgan

Who to watch in 2011: This really could be anyone's race. David Crawshay, Chris Morgan, Dan Noonon and Karsten Forsterling would all be justifiable picks to win the event. Returning Olympic gold medalist Scott Brennan also joins the field, and don't dismiss our own James McCrae -he can pull out an amazing final 500 when you least expect it.

Men's Pair (M2-)

2010 Champions: James Marburg & Cameron McKenzie-McHarg

Who to watch in 2011: Reigning champions Marburg & McKenzie-McHarg as well as Nick Purnell and Sam Loch have already proven their speed. They will be rivaling the new combinations of Duncan Free & Sam Conrad and Drew Ginn & Josh Dunkley-Smith.

With both of these pairs boasting half of the Olympic gold medaling pair, it will be a star-studded event.

Women's Lightweight Single Scull (WLW1X)

2010 Champion: Hannah Every-Hall

Who to watch in 2011: Alice Macnamara has confirmed her fitness by recently storming up 86 flights of stairs to win the Empire State Building Run Up in New York. The other half of last year's double, Hannah Every-Hall, has just come back from injury, but we all know that it will take more than that to slow this mother of three. Watch out for the younger girls ready to prove themselves.

Men's Lightweight Pair (MLW2-)

2010 Champions: Sam Beltz & Anthony Edwards

Who to watch in 2011: Sam Beltz & Anthony Edwards and Ben Cureton & Todd Skipworth. Three of these men raced in the silver-medaling lighty men's four at the 2010 World Championships and were so, so, so close to claiming gold. There will be a large pool of contending pairs, as the eight also won silver in New Zealand.

Queens Cup

2010 Champions: Victoria

Who to watch in 2011: As much as it pains me to say, Victoria are almost unbeatable. There is a reason the women's squad is based in Melbourne, and they have won the event since I Don't Know When. But I say 'almost' for a reason. I may be biased, but the South Australian's are the ones to watch. We have been steadily improving with the development of our younger girls, and can claim ownership of the four girls in the U23 four as well as half of the junior four. Several of these girls are making their mark on the senior stage.

Kings Cup:

2010 Champions: New South Wales

Who to watch in 2011: New South Wales have won this blue ribbon event for the last three years, and I think they will be hard to beat this year. However, Victoria will be raring for retribution and will have a couple of extra Olympians on their side from last year. But by all means, don't discount the South Australians. Our men proved themselves with a medal last year, and will be looking to step up again on home ground.

Laura Osti

FOCUSSING ON SPEED

The 2012 London Olympic Games are approaching fast and we are entering an exciting phase of the Olympic and Paralympic cycle, where the need for speed is obvious. In only 17 months our Olympic team will be lining up to do battle. Likewise in 18 months our Paralympians will be chasing medals..

It is exciting to see all our categories well and truly back on their feet. The 2010 World Championships saw our Australian crews win medals in men's sweep, men's sculling, men's lightweight events as well as in women's sculling and the Paralympic double. Medals were only narrowly missed in the Olympic women's sweep and women's lightweight boats, with all crews finishing in Olympic qualifying positions. In addition, we have three Olympic gold medallists now back in the national squad and set to make considerable contributions. This all makes for a quality and depth of athletes in contention for our London team which from my assessment can only be found in very few countries.

And let's not forget the coaching team leading the charge. I have been working alongside these coaches now for two years and it is a pleasure and a privilege to observe their passion, commitment and skill. We have placed a lot of focus on building a coaching team rather than a team of coaches, where multiple coaches can have a positive impact on athlete and crew performance. This is starting to have a positive effect on the team and is something the athletes are noticing and responding to.

Top this off with support structures around these athletes, world class sports scientists and medical personnel, committed team managers, and administrative teams and I believe we are in a very strong position to do well in London.

However, there is no substitute for hard work and it falls on all of us; athletes, coaches, support team and administration, to be world class in everything we do, all day every day. With so much capability in the program, it is going to be important for us as selectors to make the best possible calls to ensure we put the best athletes in the best boats with the best chances of success.

There is a change in the air, with a strong increase in focus and corresponding support for high performance sport driven by the Australian Sports Commission and the Australian Olympic Committee. Our sport is clearly a beneficiary of this: It is allowing us to put in place appropriate athlete funding and support systems, provide support systems for our leading coaches, and having world class sports science and sports medicine support available to our athletes and coaches. Add to this the opening of the ASC European Training Centre in Varese, Italy, a

major training centre for our Senior A teams, and you can see the competitive advantage we are set to leverage off.

There is considerable focus on success in London, but our vision and efforts are also aiming past 2012 with an ever increasing focus on ensuring Australian rowing is leading the way into Rio, the 2020 Games and well beyond. The consolidation of our current National Talent Identification Development (NTID) and National Elite Development programs (NEDP) into a more seamless High Performance development pathway has this focus. Adding full-time personnel in each state to identify and nurture our future talent, and working with clubs to help deliver effective High Performance development programs for this talent is another major step forward into a successful future. With a considerable investment now going into the broad High Performance development program, we expect to gain a step-change in the quality and number of athletes training and competing and ultimately striving for success in the Green and Gold.

The basis of all our endeavours are supportive and reliable partners and I would like to take this opportunity to acknowledge our key partners: the Australian Sports Commission, whose assistance is vital to our future success; the Institutes and Academies across Australia and their commitment and expertise, in particular the Australian Institute of Sport; Sykes Racing and Croker Oars for their generous support of the Australian Under 23 and Junior Teams. And last but not least, I would like to sincerely thank the NRCE leaders, Peter Fricker and Phil Borgeaud from the Australian Institute of Sport as well as Colin Smith and Andrew Dee from Rowing Australia, whose leadership, backing and support has been exceptional, allowing us to get on with the job. Also, I would like to acknowledge and thank the Rowing Australia Board, who has the faith in us and our direction.

All the very best to all competitors and coaches here at the 2011 National Championships, and I look forward to continuing working with you into the future.

Andrew Matheson
National High Performance Director
National Rowing Centre of Excellence

HISTORY OF ROWING

History of the Interstate Championships

Early History of the Intercolonial Four-Oared Racing

Although earlier international races were conducted between crews from ships visiting Australia, the first inter colonial amateur racing took until 1833. The following early history of intercolonial competition is provided by John Lang in his book *The Victorian Oarsman* published in 1919:

Before 1878, various boat races between the Australian Colonies had taken place in four-oared gigs, but in the year 1878 the first boat race in eights, between any of the Colonies, was rowed when Victoria defeated New South Wales.

The earliest race recorded between crews of different colonies was conducted on 9 November 1833 when a Sydney crew defeated a Hobart Town crew in whalers. The race was very popular and caused quite a stir.

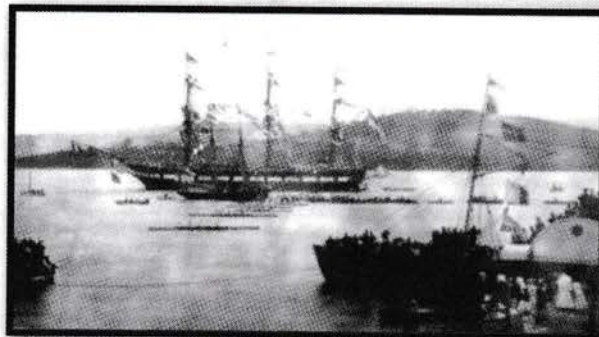

However the earliest Intercolonial amateur boat race with a distinct Intercolonial character was rowed in 1863 in gigs over a three-mile course on the Parramatta River, N.S.W. The N.S.W. four defeated Victoria (time, 19 min. 25 sec.). In this race the crews were of a representative character, and each crew bore the name of its colony. The Victorian crew was made up of members from the Elswick, Melbourne, and Melbourne University Clubs.

After the race the differences about the amateur status of oarsmen in the two Colonies became accentuated, Victoria alleging the New South Wales crew was to all intents and purposes watermen, having rowed against watermen and for money prizes. The Victorian definition excluded both sorts of oarsmen from amateur competition.

For some years this break continued, preventing competition by crews really representing the Colonies, though club crews frequently raced in Intercolonial matches, the crews being club crews charged more or less with a mission to win the honours for their Colony.

In 1870 a race took place at the Balmain Regatta, N.S.W., which the New South Wales crew won against Tasmanian crews, Victoria not being represented.

In 1872 a race was rowed over a five-mile course on the Derwent River, Tasmania, the Sydney Rowing Club winning against the Parramatta Rowing Club, some Hobart Club crews, and one from the Barwon Rowing Club, the time for the course being 36 min. 30 sec.

1872 start in Hobart

The same year over a 7,000-yard course on Sydney Harbour, two crews from the Sydney Rowing Club beat a Victorian crew (of an Intercolonial character, the crew being composed of members of various clubs, among whom were members of the Civil Service, University, and Melbourne Rowing Clubs). The 1872 regatta was a highlight of early colonial life with some 20,000 spectators watching the event and much press coverage.

Next year (1873) Victoria secured the first win with another non-club four (Melbourne, Melbourne University and Warehousemen). The other crews in the race were club crews, comprising two from Ballarat, a Sydney Rowing Club crew, and crews from Hobart Town and Geelong. The race was rowed over about four miles on the Lower Yarra — time, 25 min. 30 sec. This race is generally recognised as the first "official" Intercolonial match.

After much debate between Victoria and New South Wales over the amateur definition, a race was organized in 1874 over the Parramatta championship course, 3 miles 300 yards; time, 21 min: 59 sec. New South Wales won easily before a crowd of some 15,000 spectators and much press coverage.

For some years after this no such meetings took place until, at the New South Wales Regatta, 1888, a Victorian four, which Mr. George E. Upward stroked, beat New Zealand, New South Wales, and Tasmania in that order. The last of the Intercolonial four-oared races was rowed (in outriggers) on the Parramatta in 1896, over 2.25 miles; Victoria first, New Zealand second, New South Wales third.

John Lang writes that:

The 1873 and 1874 gig races were the first races of a character where the crews were representing their respective colonies, the other events before this date being more or less competitions between clubs or combination crews from the various colonies.

Early History of the Event

The following early history of this event is related in John Lang's Book *The Victorian Oarsman* published in 1919: In October, 1877, the year in which eight-oared boats may be said to have first come into general use in many of the rowing centres in Australia, a challenge was sent by the Victorian Rowing Association to the Sydney and Mercantile (now Mosman) Clubs in New South Wales. This was taken up with spirit by the last-named club, and the first eight-oared race took place on the 6th March, 1878, over about four miles on the Lower Yarra, from Stony Creek up round what is now "The Old River" to the Gas Works.

1878 - Victoria training for the Intercolonial

For about two-thirds of the distance the race was very interesting. At a quarter-mile Victoria was leading by a half-length. At the Sugar Works Victoria led by a clear length. Rounding the bend at the junction of the Saltwater River the New South Wales crew came up like a racehorse, and looked as if they would go right away. Victoria spurted, and for half a mile the boats rowed level. After that the Victorians went, gradually ahead, the pace having told more on the other crew. The New South Wales men pressed Victoria again half a mile from the finish, but were unable to catch up, and Victoria won by two lengths. No official or reliable time was taken.

The Intercolonial Boat Race, rowed regularly every year until war broke out, is one of the chief rowing championships of the world. In no other country is there regular annual competition in rowing between six great centres so far separated as Brisbane and Perth, with 3476.25 miles of railway between them: Victoria has got a great proportion of the wins, and until recent years time after time brought home the Australian Championship. Lately the Victorian flag has been displaced by the colours of Tasmania (1906, 1909, 1914), New South Wales (1908, 1910, 1911), and South Australia (1913).

The 1906 Interstate programme the writer provides some suggestions why the race is so great.

"The word 'greatest' is used advisedly. Rowing never has been able to get a 'gate', and the rowing

associations throughout Australia are poor — terribly poor — so that to send crews thousands of miles every year is a tremendous achievement.

If determination and enthusiasm makes a thing great, then the Interstate eight race must be so counted. If the severe training, and personal sacrifice of the 40 or 50 athletes in the race, without any hope of reward — not even a 'tin pot' — make a contest great, then the Interstate is again so.

And if strength and skill, combined with grit and gentlemanly attributes, characterize a set of sportsmen and make their competition great, assuredly is the championship race great.

The history of it is a record of clean sport, and a monument to the survival of pure amateurism. The breadth of scandal has never tarnished the bright escutcheon of amateur rowing in Australia, and the Interstate race holds the proudest place among the many proud records emblazoned on the banner. And long may it so continue.

May the best crew always win and may rowing and the Interstate contests last as long as Australia is a land of sport."

Interstate Men's Eight Oared Championship for the King's Cup

First won in 1919 at the Henley-on-Thames Regatta held on 2nd to 4th July of that year, this handsome trophy, a substitution for the Grand Challenge Cup race for that year, was presented by His Majesty King George V to the successful AIF No 1 crew

which, along with seven others, contested the eight-oared race for competition between crews from the armies of the Allies in the 1914-18 War.

"The successful crew defeated the AIF No 2 crew in the first heat, Cambridge University in the semi-final and Oxford University in the final by a margin of one length in a time of 7 minutes 7

seconds, the other competitors being Canada, France, New Zealand and United States

The following images are of the medal presented in 1919 to all members of the crew. One of these medals will be on display at this regatta:

Year	Venue	1st	2nd	3rd	4th	5th	6th	7th	Distance	Time

Interstate Women's Eight Oared Championship for the Queens Cup

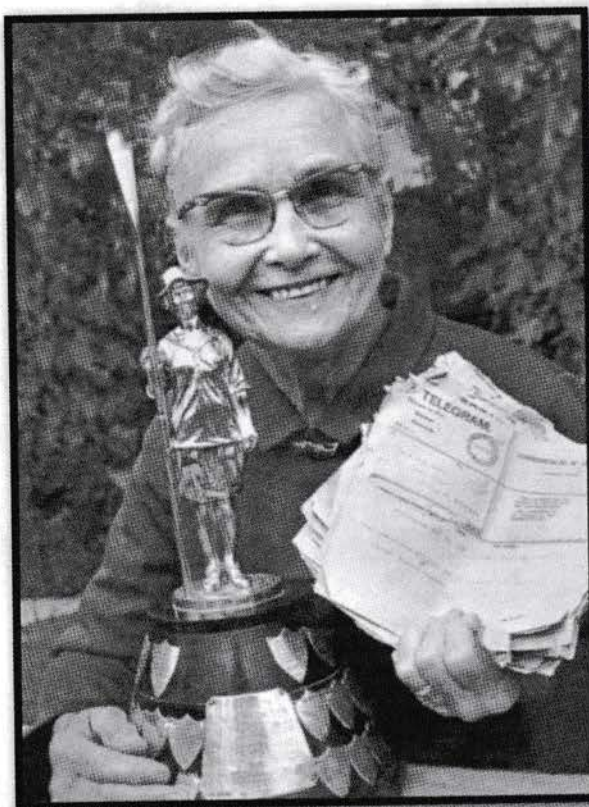

The commencement of Interstate Women's competition is unclear but is thought to have started in 1912. However the first recognized championships occurred in 1920 when the Interstate Women's Four Championship was conducted in conjunction with the Interstate Men's Championships.

The Australian Women's Rowing Council was also established at these Championships. It is worth noting that the Australian Amateur Rowing Council was not formed until 1927.

ULVA Trophy

The 1920 Interstate Women's Four Championship was won by South Australia represented by a Mannum Rowing Club crew stroked by Dorothy Arnold. The United Licensed Victuallers Association (ULVA) of Queensland presented to the Australian Women's Rowing Council this unique sterling silver trophy. The trophy was crafted by London silversmiths to depict Dorothy Arnold, the petite girl from Mannum who stroked the winning crew. She is holding her oar and dressed in the rowing garb of her time, namely a floppy hat, sailor top and billowing bloomers. The trophy is inscribed with the following words: Interstate Ladies Four-Oared Championship Trophy Presented by Queensland Licensed Victuallers Association E H Ruddle Esq. President 1920.

Dorothy Arnold with the trophy

The trophy is affectionately known to Australian oarswomen as Bertha. However in 1941, on the motion of NSW, the Australian Womens Rowing

Council resolved to drop the name Bertha and that it be officially known as the ULVA Trophy. This change occurred only officially with the name Bertha still used by oarswomen.

In 1958, there was a brief discussion at the Australian Womens Rowing Council about the outmoded appearance of the trophy. Fortunately the majority of members disapproved of any alteration to modernise the dress of the model of the trophy.

In 2003, the trophy became officially known as the Queen Elizabeth II Trophy, or the Queens Cup. The original ULVA trophy remains the perpetual trophy.

There was an interesting lead up to the allocation of Queens Cup to the women's eight oared Championship with the Queens Cup originally being destined for an international schoolboy regatta.

In 1993, Brisbane Boys' College raced Eton in the final of the Princess Elizabeth Cup at Henley and won. This was the first time that an Australian Schoolboy Crew had won this prestigious event.

In 1997 Simon Newcomb approached Dr Steve Hinchy (President of Rowing Australia) and asked for permission to approach Buckingham Palace and the Queen's Private Secretary Sir Robert Fellowes as to whether Her Majesty Queen Elizabeth II would be prepared to provide a trophy to be known as the Queen's Cup for an annual International Schoolboy Race. The first race should take place to coincide with the centenary of Brisbane Boy's College in 2002.

Simon Newcomb OAM of Brisbane continued to correspond with the Queen's Private Secretary Sir Robert Fellowes, Buckingham Palace, Rowing

Australia, Government House in Brisbane and also in Canberra. On 26th November 1999, the following response was received from Kevin Davidson, Senior Adviser to the Governor General:

Dear Dr Hinchy (then President of Rowing Australia),,

I refer to your letter of 19th April 1999 to the official Secretary requesting Her Majesty The Queen's consent to donate a perpetual trophy for an annual International schoolboy rowing event to be held in Australia. The Official Secretary has recently received formal advice that her majesty has consented to a Royal trophy to be called 'The Queen Elizabeth Cup' to be raced for in Australia by schoolboy crews from all over the world on an annual basis. Her Majesty is content for the first event to be held in Brisbane to coincide with the centenary celebrations of the Brisbane Boys' College in 2002.

Rowing Australia subsequently determined that the trophy would be best allocated to the women's eight event to provide some equity of regal trophies for men's and women's interstate eight oared championships and thus provide synergy with the Kings Cup.

In early 2001 approaches were made by Rowing Australia to the Governor General to have the trophy changed from an International Schoolboy Race to the Women's Interstate Eight Oared Championship. The Queen provided her consent to this change which occurred in 2003.

Interstate Women's Eight Oared Championship Record

Rowing Australia Cup

This trophy was presented to Rowing Australia in 1999 by its then principal sponsor Zurich Financial Services for presentation to the State with the highest points scored from racing in each Interstate Championship.

Rowing Australia Cup

States are awarded points in each Interstate event on the following basis:

- First place: 8 points
- Second place: 6 points

- Third place: 5 points
- Fourth place: 4 points
- Fifth place: 3 points
- Sixth place: 2 points
- Seventh place: 1 point

The cup itself is one of only 500 in the world that were made from the sands collected by Olympians from every Olympic country in the world.

Naturally the cup is presented after the last Interstate Championship each year to the Councillor of the winning State.

Past Winners

- 1999—Victoria
- 2000—Victoria
- 2001—Victoria
- 2002—Victoria
- 2003—New South Wales
- 2004—Queensland
- 2005—Victoria
- 2006 - Victoria
- 2007 - Victoria
- 2008 - New South Wales
- 2009 - Victoria
- 2010 - Victoria

For the benefit of spectators, the following table is provided to assist in calculating the winner.

	Men's Eight	Women's Eight	Men's Scull	Women's Scull	Men's Lwt. Four	Women's Lwt. Quad	Men's Youth Eight	Women's Youth Eight

The History of the National Championships

Brief History

Whilst Interstate and Intercolonial Championships were conducted between crews and scullers representing their States in various forms from 1862, and test races were conducted amongst crews across Australia for national selection, the National Inter-Club Championships only commenced in 1962.

The first proposal for a National Championship was submitted by NSW at the AARC meeting in 1946 and it failed to gain support outside NSW. A second proposal was submitted by NSW to the AARC on 21st April 1948 in Tasmania. Kevyn Webb of NSW was the person behind these proposals. He recorded in 1982: Following the 1948 Olympic trials, I gained another important supporter in Ray Todd, famous oarsman and coach, and Melbourne Herald rowing writer, who by his support in Victoria, drew attention to the fact that Australia, unlike the rest of the rowing world, still did not have a National Open Rowing Championship. The 1948 proposal was supported only by NSW and Victoria and so was lost. The proposal suggested 2000 metre racing over two days in single and double sculls, coxed and coxless pair, coxed four, eight, lightweight four, lightweight single and lightweight maiden eights – all men.

Kevyn Webb sculling in 1960

In 1982 Kevyn Webb then described the process through to eventual success in 1961: Notices of motion to conduct such an Open Championship, appeared on the Agenda of the Australian Rowing Council, at each of its meetings up to 1960. During this period, all of the States voted in favour of the National Regatta's introduction, however, in any one of those years, only three of the six States voted "yes" at one time. There was never a clear majority. My greatest disappointment came at one Australian Rowing Council meeting when the Regatta's introduction seemed certain, with a 3:2 majority, and N.S.W. to vote, the N.S.W. delegate claimed he had no instructions on how to vote from his State and cast a negative vote, to maintain the "Status Quo". As Captain of the Olympic Rowing Team in Rome in 1960, I had the opportunity to "corner" the Australian Team Manager, Reg Blundstone, (who was also Secretary of the Australian Rowing Council) and as a result, on our return to Australia, I was officially requested to prepare a comprehensive report for the A.R.C. on how a National Regatta could be introduced. That report was tabled at the 1961 Australian Rowing Council meeting, and following its adoption, the six States voted unanimously to hold the first National Championship Regatta on Lake Wendouree at Ballarat, in 1962.

In his extensive report, Kevyn Webb concluded that Australia needed a two day regatta every two years at Easter over 2000 metres comprising men's events in single and double sculls, coxed and coxless pairs, coxed and coxless fours and eights. Men's lightweight events in single sculls, coxed four and eights were also recommended.

The National Championships became an annual event in 1974.

The Australian Women's Rowing Council conducted their first National Championships events in 1968 and thereafter conducted the event annually. The men's and women's associations merged in 1979 but jointly conducted their Championships from 1976.

NOTICE TO COMPETITORS

Team Facilities

Athletes Lounge

The Athletes Lounge is located at the south eastern end of the boat shed.

Changing Rooms

Change rooms are located in the main boat shed.

Toilets and Showers

Toilets are located throughout the boat park, within and behind the boat shed and centrally located within the boat park. Showers are located within the main building.

Catering and Merchandise

A large marquee will be located adjacent to the regatta course near the boat shed, supplying a wide range of food options and beverages. An array of merchandisers will be on site to cater for all your shopping/support needs. We are proud to announce that Designer Paintworks has been appointed as the official supplier of merchandise for the 2011 Australian Rowing Championships.

Club and Team Tents

Club and team tent sites will be allocated via prior arrangement. These sites will be marked prior to the regatta. Sites are a maximum of 6m x 3m, due to the venue space restrictions. Clubs that wish to bring their own tents must make sure their tent is no larger than 6m x 3m. Tents that may encroach on other sites will not be permitted to be erected and the Organising Committee has the right to remove or move tents which have been erected in the incorrect position. A tent site map will be provided at Regatta Control. Contact the Organising Committee if you need assistance. Tent site applications close 11/2/11 (unless sold out beforehand).

Regatta Information - Regatta Control

Regatta Control is located in a separate caravan, located near the roadway within the boat park. Spectators and competitors are able to access results and draws etc. from this office. (Refer venue map) These will be provided free of charge on presentation of a program, or charged at \$1/sheet.

Athlete Services

The Organising Committee is available to help with any issue you may face as a competitor. In the first instance, approach any member of staff or a volunteer. They will attempt to solve the issue. If not, they will direct you to the relevant staff or official.

Medical and Emergency Action

A medical team will be in operation at all hours the venue is open for training and racing. A venue Medical Manager (doctor) will also be onsite for emergencies and for advice.

A list of emergency telephone numbers will be placed on all noticeboards and will be available from the Regatta Office.

In all cases you should approach members of the Organising Committee for assistance if required. Emergency Medical facilities are located at the Medical Centre (north of the main building near the finishing line).

Ergometers

Ergometers will NOT be provided at the venue for warm up and cool down. The safe storage and operation of teams ergos is the responsibility of each team.

Boat Storage and Racking

Boat racking will be provided within the boat park. Racking is by boat category. As storage is very limited, it is essential that coaches and managers maintain the integrity of the recommended racking solution (i.e. singles/pairs should not be racked with eights). Once allocated, crews are requested to respect each others positioning. The Organising Committee reserves the right to relocate boats that have been incorrectly racked.

Boat Washing

The West Lakes rowing course is salt water and is situated in a diverse marine environment. For bio-security reasons all boats must be thoroughly cleaned at their home club prior to being transported to the West Lakes venue. Freshwater boat washdown facilities will be provided at the venue. The use of detergent is strictly prohibited (and unnecessary for sponging and rinsing salt water) as the boat washdown facilities empty directly into the lake via storm water drains.

Equipment Repair

Boat builders shall be onsite to provide their services & repair rowing equipment at your own cost. (Please refer to venue map attached).

Storage & equipment security

Although security staff will be in attendance throughout the regatta, competitors are ultimately responsible for the security of their own belongings.

Valuables should not be left unattended in team tents at the venue.

Suspicious behavior should be reported to an organising committee representative.

Boat Trailer Storage

Once unloaded at the venue on Military Road, trailers are to be relocated to the trailer park which is located in Grange Recreational Reserve. It is approximately 2.2km south of the venue and should be entered via Military Road. (Please refer to venue map attached).

Parking (Teams & Spectators)

Limited car parking is available adjacent to the venue. Crew buses will be allocated parks at the Military Road north car park, 400m south of the venue on the west side of Military Road. A large, free car park has been make available at AAMI Football Stadium, opposite West Lakes Mall. Enter Gate J on Turner Drive. Transport back to the venue will be available by shuttle bus. A controlled drop off and collection zone has been allocated at the front of the venue. (Please refer to venue map attached).

Shuttle Service

A free shuttle bus will circumnavigate the rowing lake providing convenient access to the venue, Towpath Reserve, the starting pontoons (as well as the trailer park at Grange Recreational Reserve, AAMI Stadium car-parking, the Lakes Resort Hotel and Westfield West Lakes Mall (Please refer venue map at the back of the program). The shuttle bus will leave on the hour and every 20 mins thereafter from Monday -Friday, every 10 minutes on Saturday and Sunday. (Please refer venue map at the back of the program.)

Pre-Competition Information

Training Schedule

West Lakes is open for training as follows:

DATE:	COURSE:	HOURS:
Saturday 5th March:	Training	2pm-8pm
Sunday 6th March:	Training	6am-8pm
Monday 7th March - Sunday 13th March	Before competition	6am - 30 mins prior to first race
	After competition	30 mins after last race - 8pm

Venue Orientation

Upon arrival at the West Lakes venue, team managers, coaches and athletes should familiarise themselves with the training maps located adjacent to Regatta Control to become familiar with the safety and training issues specific to the venue. Whilst safety marshalls and an emergency medical response team will be located at the venue to support and guide athletes, you are responsible for your own safety on the water.

Preliminary Team Managers & Coaches Meeting

The preliminary team managers & coaches meeting (also open to interested athletes) will be held on Sunday 6th March at 3pm at the main spectators marquee.

School Crews and Athlete Briefing

School masters, coaches and athletes are required to attend a separate compulsory meeting/briefing on Friday 11th March at 12 noon at the VIP marquee.

Schools Meeting

A school masters/coaches meeting will be held to discuss items that are impacting on school programs and to discuss future strategies for this critical section of the sport. Location and date/time to be advised soon. Location: VIP Marquee behind boathouse area, 60 mins after last race on Thursday 10th March. (NOTE: this is separate to the compulsory briefing related to racing matters).

Other Team Managers and Coaches Meetings

From time to time, further team managers and coaches meetings may be required. In such cases, as much notice as possible will be given to all managers and coaches via the public address system.

Water Traffic Rules

The traffic rules maps for training and competition are attached to this bulletin and included in the souvenir program. Copies will also be made available at the venue at Regatta Control and outlined in detail at the preliminary team managers and coaches meeting.

Accreditation and Crew Photographs

Team, coach, competitors and support staff accreditation passes can be collected by the Team Manager or representative from Regatta Control from Monday 7th March. You will be required to wear and show these passes to enter the venue from Friday onwards. No ID photographs are required for this regatta.

Coaching

Coaching from bicycles will be **STRICTLY PROHIBITED** at West Lakes. West Lakes is surrounded by residential houses and is not a 'stand alone' venue such as SIRC and Champion Lakes. Pedestrian traffic, children and pure lack of room have all contributed to the recommendation of Council and Police to stop bicycles from using the footway.

Weather Reports

Long term and daily weather reports will be posted around the venue on the notice boards and will be available at Regatta Control. Temperatures in Adelaide in March can be extreme (Average min = 15C, average max = 26C)

Competitors are reminded that safety is of paramount concern to RA and the Organising Committee. When directed by officials to leave or evacuate certain parts of the venue or water, please obey those directions.

Competition Information

Competition Rules

The 2010 updated RA Rules of Racing are in force during the 2011 Australian Rowing Championships. Team managers should refer to the Rowing Australia Rule Book anytime they are not sure about procedures that may influence their team.

Draw

The draw will be conducted by RA technical delegates in consultation with the Organising Committee, president of the jury and the national selectors (where relevant).

Access to the Draw and Results

The Draw and Results will be posted on notice boards around the venue and will be available online through ROMS (<https://roms.rowingaustralia.com.au>) Hard copies of draws and results will be available at Regatta Control 2 hours after the completion of each day. Copies of draws and results will be free on presentation of a regatta program. We encourage all members of the rowing community to access draws and results via ROMS electronically wherever possible to reduce paper use. All paper used at the Nationals has been recycled.

ANNUAL SALE

Now on at the Simply Oarsome stall in the merchandisers marquee.
Big savings on our range of supplex, polyester lycra and poly/cotton lycra rowing garments.

SIMPLY OARSOME

Proud supplier of quality rowing clothing and great service to Australian and International rowers for 23 years.

Boat Weighing

Boat weighing will take place in the boat park on the hard stand carpark area adjacent to the small amenities block and Regatta Control Caravan. It is the responsibility of the crews that the weight of their boats is in accordance with the RA Rules of Racing (Rule 34). Scales will be available for crews to test the weight of their boats from Saturday 5th March.

Minimum weights for boats are the following:

Type of Boat:	Arms & Shoulders 1x	Trunk & Arms 1x	1x
Weight in kg:	22	20	14
Type of Boat:	2x	2-	2+
Weight in kg:	27	27	32
Type of Boat:	4x	4x+	4-
Weight in kg:	52	54	50
Type of Boat:	4+	8+	
Weight in kg:	51	96	

Crew Changes

Team managers are required to make any withdrawals or crew changes at latest one hour before the first race of the event. No replacements are permitted for single scullers (except in the

interstate race, where one hours notice to the Regatta Secretary is required). Other rules apply to the crew changes after the first heat of each event. (See RA Rules 50-53). Crew changes can be made at Regatta Control in the middle of the boat park. Late scratchings, or crews who do not present to the starter, may incur a \$250 fine.

Bow Numbers

Bow numbers will be available for collection from Regatta Control. A \$10 deposit will be required for all bow numbers. We request that \$10 or smaller denomination notes are used. Non return of a bow number will incur a \$20 fine. Bow numbers should be returned to Regatta Control immediately after the end of a race.

Equipment Check

The Control Commission will check equipment to secure compliance with all relevant rules of safety and racing.

Width of Boats - Adaptive

The minimum width of an adaptive racing boat shall be 370 mm. This will be a horizontal measurement of the inside of the hull at the level of the rails. This restriction will only apply to the following adaptive boat classes:

- ASM1x (Div I & II)
- ASW1x (Div I & II)
- TAM1x
- TAW1x
- LTAM1x Div 2
- LTAW1x Div 2

Adaptive Training

Safe arrangements have been made for adaptive training prior to the first day of racing and during competition. These will be outlined at the preliminary team managers and coaches meeting on Sunday 6th March. Written copies of the adaptive training arrangements will be available at Regatta Control following this meeting.

Adaptive Classifications

All rowers competing in adaptive rowing events must have a current classification for adaptive rowing prior to the commencement of their first race, as set out in the RA classification policy (appendix 7). Any rower who has not yet been classified as an adaptive rower must make a booking for an adaptive rowing classification. Classifications will be done on Monday 7th and Tuesday 8th March.

Racing Uniform

All clothing must also be in accordance with the requirements of Rule 44 concerning athlete's uniform. Each member of a club or school, or of a composite crew in the case of a club or institute crew competing in a RA Event, shall wear the registered racing colours of such crew member's club, institute or school when racing in regattas under the auspices of RA.

If any member of a crew wears visible garments under their racing uniform, then the garment worn by those crew members must be identical in colour except for permitted

sponsor identifications which shall nonetheless be identical within each crew. Where an athlete chooses to wear a garment, the remainder of the crew will have the option whether or not to wear that garment. The sleeve or leg length of the garment may vary between crew members.

If any members of a crew wear headwear, then the headwear worn by those crew members shall be uniform.

Note: On Sunday, WCSN will screen racing live to the Internet. Competitors and coaches are requested to present themselves for medal ceremonies in an appropriate fashion.

Nationals Media Coverage

Rowing Australia and WCSN are delighted to announce that athletes, coaches and supporters will be able to view and record all races on Sunday 7th March, LIVE and absolutely FREE. All events, including the Interstate Regatta and Kings' Cup, will be streamed live over the Internet, as part of WCSN's free subscriptions for the entire month of March.

Go to the RA website for all the details:

www.rowingaustralia.com.au. Subscribers will also gain free and unrestricted access to all WCSN events and content during March.

102

Media Catamaran

Competitors and coaches should take note that on the finals days, a media Catamaran from WCSN (World Championship Sports Network) will be following races in the first 1000 meters of racing. This boat will remain under instruction from the race umpire.

Progression to the Final

Athletes and coaches are cautioned to take note of the progression to the next round of racing prior to the start of each race. Certain weather conditions or circumstances may alter the progression from round to round.

Generally, athletes are highly recommended to give their best performance each race to ensure their best finishing position.

Should conditions require the system to be altered, the Organising Committee will give competitors ample notice before changes are made.

Post Competition Information & Protocols

Interviews

Requests for media interviews with athletes or crews may be made by media outlets from the Media Centre. The venue media manager, (from The Content Group) will liaise with the relevant team managers from each state. Interviews can be conducted at the competition venue, in the Media Centre.

Objections, Protests and Appeals

RA Rules of Racing will apply. (see rules 76)

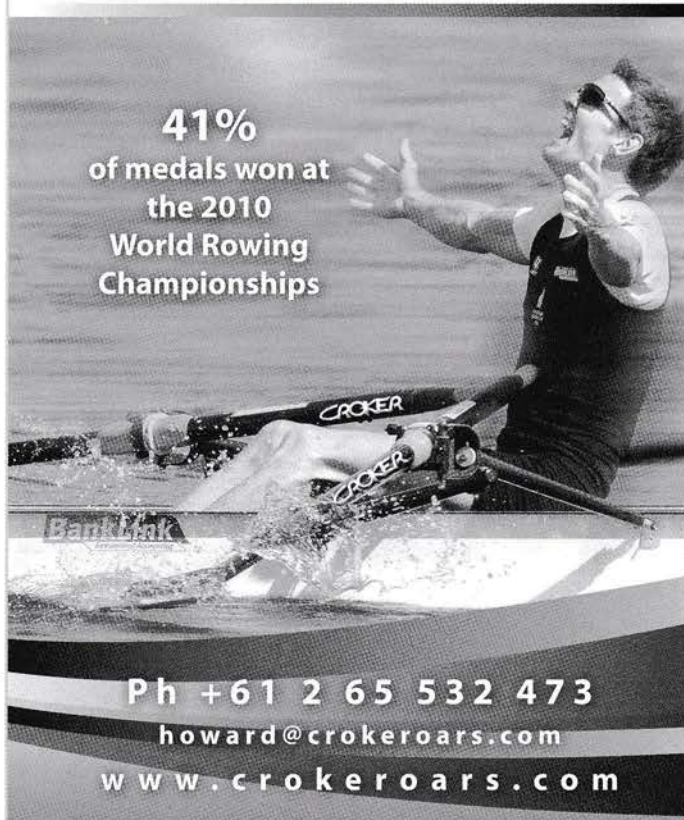

Medal Ceremonies

The medal ceremony will take place near the finish line pontoon on land, immediately after the end of each A Final in a pre-determined pattern. First, second and third place finishers will participate in the

medal ceremony. Copies of the medal ceremony procedure will be distributed to team managers and coaches and available at Regatta Control.

Protocol

The medal winners participating in the medal ceremony are required to be neatly dressed in their official racing uniform, or club/state tracksuit. Note: Finals days will be televised.

Classifications

Status of Competitors

Refer to Part II of the RA rule book

School Competitors: A school competitor is one who: Qualifies as under 21 (youth) under the provisions of these rules and; Is attending a secondary school as a full time day student. All members of a school entry must be from the same school

Club Competitors: The athlete qualification rules for entry in these new events are:

1. No composite crews between clubs allowed.
2. During the current and previous years, athletes are not eligible if they have been a member of either the National Senior A or National Under 23 team
3. No athlete shall be a member of a current State Senior Team
4. No athlete shall be nominating for National Selection in the year of competition

Under 17: A rower or coxswain may compete in an Under 17 race until 31 December of the year in which the rower reaches 16 years of age.

Under 19: A rower or coxswain may compete in an Under 19 race until 31 December of the year in which the rower reaches 18 years of age.

Under 21 (Youth): A rower or coxswain may compete in an Under 21 race until 31 December of the year in which the rower reaches 20 years of age

Under 23: A rower or coxswain may compete in an Under 23 race until 31 December of the year in which the rower reaches 22 years of age.

Seniors: Senior rowing events are open to rowers of all ages.

Lightweights: A rower may compete in lightweight rowing events if he/she meets the following criteria:

A lightweight men's crew (excluding coxswain) shall have an average weight not exceeding 70 kg. No individual lightweight male rower may weigh more than 72.5 kg. A lightweight male single sculler (male) may not weigh more than 72.5 kg.

A lightweight women's crew (excluding coxswain) shall have an average weight not exceeding 57 kg. No individual lightweight female rower may weigh

more than 59 kg. A single sculler (female) may not weigh more than 59 kg.

Lightweight rowers shall be weighed wearing only their racing uniform on tested scales not less than one hour and not more than two hours before their first race of each lightweight event in which they are competing, on each day of the competition. They shall present themselves as a crew at the weighing centre already wearing their racing uniform. The weighing scales should indicate the weight of the rower to 0.1 kg.

If a rower has races in other events on a day of racing, the weight recorded for the first event may be applied to qualify for subsequent events. Rowers may re-weigh for other events after their weigh-in for their first event on a day of racing within the time limits applicable to that event. This weight may also be carried forward for any other races in which the rower competes on that day of racing.

Notwithstanding the foregoing, if two rounds of the same event takes place on the same day of competition and some rowers in the second round do not have to race in the first round of that day, then these rowers in the second round shall be weighed at the same time as the rowers in the first round.

14 years**

**Rowfit is your Official NK agent for
South Australian Nationals 2011**

NK
Nielsen Kellerman Aust
www.nk.com.au

During the first weigh, the Organising Committee may request the athlete to present an official identity card with photograph.

If the first race is subsequently postponed or cancelled, the lightweight rower is not required to be weighed later on the same day for that event. Any rower who has been re-hydrated intravenously between the weigh-in and the respective race shall not be allowed to start.

If a rower exceeds the required weight or a crew exceeds the required average weight by the expiry of the time permitted for weighing, the rower (and the crew of that rower) or the crew concerned are no longer eligible and shall be excluded from the event.

Coxswains

Coxswains are members of the crew, however, a women's crew may be steered by a man, and a men's crew steered by a woman. Age categories shall apply to coxswains, except in Under 23 and masters categories.

The minimum weight for a coxswain (wearing racing uniform) is 55kg, for men's open, men's masters, men's under 23, men's under 21 (youth) and under 19

(junior) men's crews, and 50kg for women's masters, women's under 23, women's under 21, women's under 19, schoolboy, schoolgirl, under 17 (men and women) and adaptive and masters mixed crews. The weighing scales shall indicate the weight of the coxswain to 0.1 kg.

To make up this weight, a coxswain may carry deadweight in a sealed bag which shall be placed in the boat as close as possible to his/her person. No article of racing equipment shall be considered as part of this deadweight. At any time, before or until immediately after the race, the Control Commission may require the deadweight to be reweighed.

These provisions shall also apply to coxswains in lightweight races. Notwithstanding the provisions of RULE 12.6, a coxswain may steer for any number of clubs or institutes at a regatta.

Athlete Weighing

The weighing of athletes and coxswains will take place in the marquee in the boat park. Test scales will be available during all times that the course is officially open. For further information please refer to the RA Rule Book – viz maximum 2hrs and minimum 1hrs before the advertised start time of that event.

Anti-doping

The Australian Sports Anti Doping Agency (ASADA) is likely to conduct drug testing at the National Championship and Interstate Regatta. Competitors and coaches are urged to take note of the following requirements in respect of banned substances for therapeutic use and act accordingly in achieving exemptions for appropriate athletes.

Banned Substances –

Therapeutic Use Exemption process

If an athlete suffers a medical condition that a doctor can only treat with a therapeutic substance, he or she must check whether the legitimate therapeutic use of the prohibited substance is permitted under the Rowing Australia Anti-Doping Policy and with ASADA. Legitimate use of a prohibited substance may be granted a Therapeutic Use Exemption (TUE)

It is the responsibility of athletes, coaches and parents to ensure that they are familiar with the Rowing Australia Anti Doping Policy, which can be found on the Rowing Australia Website: http://www.rowingaustralia.com.au/about_ra_policies_anti-doping.shtm

Article 9 of the Policy refers to 'therapeutic use'. The ASADA Hotline 1800 020 506 or ASADA website (www.asada.gov.au) will outline whether the medication is prohibited and whether a TUE is required. It is important that athletes also remember to check medications each year.

The World Anti Doping Agency's (WADA) Prohibited List changes on the 1st of January each year, so a medication that was permitted last year, may not be next year. Visit http://www.rowingaustralia.com.au/hp_anti-doping_wada.shtm for full details of the World Anti-Doping Code 2010 Prohibited List.

NOTE: Any athlete may be Drug tested - whether on the FISA's or ASADA's Registered Testing Pool, Domestic Testing Pool - or not on any list. If an athlete needs to use a prohibited substance or a prohibited method for a medical purpose, to avoid an anti doping rule violation, the athlete needs to obtain a ASDMAC Therapeutic Use Exemption (TUE). These TUE forms are required to compete at events of significance within Australia such as State Championships, National Championships, selection regattas/trials, Youth Olympics and Youth Cups.

Athletes and their doctors are now required to complete an ASDMAC form (Australian Sports Drug Medical Advisory Committee). This form can only be approved by ASDMAC. The form, once approved is accepted by ASADA as a valid domestic TUE.

The ASDMAC Forms can be found on the RA Website: http://www.rowingaustralia.com.au/hp_anti-doping_forms.shtm NOTE: The submission of FISA forms will not be accepted by ASDMAC. Please ensure you have

the correct TUE form. Athletes should always carry copies of any documentation (TUE's, or other) to every regatta.

Training

- During the training periods (before and after racing) training is recommended to be only on the course itself. Rescue and Safety Marshal coverage is limited outside this area.
- On competition days the course will be closed for training from 30 minutes prior to the starting time of the first race and for 30 mins after the final race.
- Traffic flow on the competition course generally follows an 'anti-clockwise' direction.
- The finish line is at the Boathouse end of the lake.
- Once departing from the Boat Park, crews shall travel to the start off the course proper (Lane 0, 1, 2, 3) until they reach the 100m mark from the start.
- A safety marshal will then direct crews onto the course to return to the finish.
- Travel from the start to finish is in lanes 5, 6, 7, 8
- Return to the start on the northern side of the course in lanes 0-3 (or when returning to the boat rack area).
- Lane 4 is a 'no row' or neutral safety lane
- Crews must turn beyond the finish line around the big turning buoy.
- Crossing the course into a lane will only be permitted in the first 100 metres from the start platform.

Traffic Rules During Competition Periods

- On competition days the course will be closed for training from 30 minutes prior to the starting time for the first event until 30 minutes after the final race.
- Traffic traveling towards the start from the launching area in Lane 0.
- To warm up prior to the start, travel behind the start area and follow the loop around to lane 9 (off the course)
- You are permitted to warm up in Lane 9 off the course, until the 600m mark.
- Once receiving the OK from the Marshall, you may then cross the course and return to the start
- Once crews proceed into the start area they cannot return to the 'warm up' area
- Crews must wait for the previous race to clear the 100m zone and then, at the direction of the marshall, move behind the start pontoon and starter move into their lanes

- Crews may practice in their own lane before the start of their race between the start and the 250m mark provided there is adequate time before the start and provided they first obtain approval from the starter
- Crews should be at the 100 metre zone at least five (5) minutes prior to the start time of their race. They must be attached to their boat holder at the start two (2) minutes prior to the start time of their race. Failure to do so will result in the issue of a "yellow card"
- Crews preparing for a race shall have absolute priority of launching areas over crews proceeding out for a training row
- Once the race is complete, all crews must return around the big buoy near the finish line in lane 0. You will then return along the transit lane between lane 1 and the land in front of the spectator area.
- Pay close attention to on-coming races and to the crews launching from the land
- Crews may cool-down by rowing through the bridge after their race or, at your leisure on land. If travelling through the bridge, take extreme caution of crews returning to the landing area.

The management and staff at Sykes Racing wish all our customers Australia wide an enjoyable and successful time at the 2011 National Rowing Championships.

Situated in Geelong, Victoria, Sykes Racing embraces an extremely dedicated team of supremely talented people, enviable facilities, renowned design experts and unsuppassed craftsmanship.

Regatta Service

The Sykes Racing team will be on hand to help with any problems including spare parts, emergency repairs which arise or with advice you may need while you are at the National Championships. Come and see us in the boat park.

When racing concludes why not take advantage of our after regatta pick up of equipment for immediate attention whilst it's still fresh in your mind. We would be pleased to give you a comprehensive report on your fleet and a full quotation to suit your maintenance needs. Whether it is for a full fleet service or a small repair task you will find the Sykes Repair Division comes out way in front for quality, efficiency and competitive price.

CAMBRIDGE CUP  
MEN'S VIII

Sponsored by the Australian Government

The Australian Government shares the concerns of Australians about illicit drugs in sport and in the broader community.

The use of illicit drugs is not only harmful to athletes, it brings them and their sport into disrepute.

Illicit drug use by high profile athletes sets a poor example for other members of the community for whom they are role models.

Working in partnership with National Sporting Organisations, the Government has developed a national action plan to tackle illicit drug use.

Sponsored by the Australian Government.
