## President's Report

**Our vision for the sport in Victoria** – We would like to again share with members some aspects of our vision for Victorian rowing which continues to be club based.

### Participation

Clearly our vision is to improve participation in the sport at all levels. This requires waterways and active clubs and schools. Active clubs have been a priority for the Association and our focus in the past season has been on encouraging clubs to recruit young rowers through our Grassroots program in partnership with local schools. This program is focused on participation in under age rowing and encourages clubs to aspire to race competitively at the State and National Championships. Regrettably the severe drought has hampered our development work with many regional areas. We acknowledge the Department of Sport & Recreation and Concept II for their support of this programme. Your Association is also becoming far more active in the long term work of increasing available waterways and facilitating the creation of new clubs.

### Improving the standard and success of rowing in Victoria

Your Association has been very active and successful in this area through the variety of programmes including the National Elite Development Program (NEDP) (which is increasing to 3 clubs in 2008-09 with an aim to expand to 6 clubs), the school transition programme of which seven clubs participated, Grass Roots programme, under age development teams, coach & coxswain education and of course competition programmes to match our aim of improvement. We thank the Australian Sports Commission and Rowing Australia for their support of the NEDP, coach education and school transition programmes.

### Victorian On-water Success

We congratulate Victorian medallists in Beijing with gold medals to Drew Ginn in the pair, coached by Chris O'Brien, and David Crawshay in the double scull. Silver medals were won by James Marburg and Cameron McKenzie-McHarg in the four. 50% of Australia's rowing medallists came from Victoria and we congratulate them on their great success. We congratulate all our Victorian members in the Olympic team on their fine performances.

Victoria also had many members in both the senior and under 23 teams with a gold medal to Alice McNamara in the lightweight quad scull and bronze medal to Lisa Szatsznajder in the under 23 lightweight quad scull. We also congratulate all the Victorians in those teams.

On the local scene, your Victorian crews performed with distinction at the Interstate Championships and we congratulate in particular the dominating performance of the women's Queens Cup eight and also the victory of our men's youth eight. The results appear later in this report. We also congratulate New South Wales on holding off a strong challenge from Victoria to win the King's Cup. Our clubs also performed with great success at the National Championships and hence many members found their way into national teams.

Your Victorian team at the Youth Cup in 2007 finished second and was a great performance. We also sent a representative under 18 team to compete in New Zealand in April under our development co-ordinator Richard Bartlett. Although not successful, it has proven to be a great development tool and will be repeated in 2009.

### RV Operations

The operations of RV are managed in three distinct divisions.

**Corporate** - This important area is under the direct control of our CEO Daniel Hutchinson and comprises communications, fund raising, operations of the Commissions, liaison with State Government and other related bodies, liaison with Rowing Australia and special projects such as the implementation of the Safety Management Plan. We seek member support in particular for the implementation of the Safety Management plan next season.

**Competition** - This area is ably managed by Alice Evans and she is supported by a very active Competition Commission chaired by David Pincus, our active Umpires Commission and our Field of Play Manager Eric Waller. Due to the volume of work, competition naturally utilises most of our volunteers and our aim is to utilise more of them in this area.

**Development** - Development of the sport is of course our future and is managed by Richard Bartlett. Due to the long term nature of this work, it is often not fully appreciated by clubs and schools. In my opinion, it is the most important part of our work and I personally take great interest in our progress. We devote as much of our resources as we can to this area. Richard initially undertook the role of managing our development programs for us. This work was carried out with distinction and Rowing Australia and other State Associations are watching our progress with much interest. His area of responsibility has been widened in 2008-09 and our member services officer, Braden Stokes will join him in this work.

## President's Report, *Continued*

### Victorian Institute of Sport

The role of the Victorian Institute of Sport is to enhance Victoria's best senior rowers and Rowing Victoria has responsibility for developing rowers. We have a valuable partnership with the VIS where both parties support the other to achieve their respective goals.

### Commissions

The Association needs to harness the expertise of our members and also lighten the load carried by our staff. Accordingly, the work of the Commissions will be enhanced and expanded in 2008-09. This will provide opportunities for members to participate in a meaningful and effective way and reduce the volume work within the office. Please call Daniel Hutchinson areas if you would like to participate in a Commission.

### Corporate Governance

Your Board has operated for a second year under the RV corporate governance policy which is published on our website. It details the respective responsibilities of the Board, Commissions, Board Committees and Officers of the Association. It has been important in ensuring we operate in a sound and consistent manner.

The Board has recently undertaken a confidential review of its own operations. The results showed some weaknesses which will be addressed. The results should improve the operation of the Board and consequently improve the management of the Association.

### Next Season

Without ignoring our other activities, our focus this season will in the areas of development, enhancing Commission work and the implementation of the Safety Management Plan.

### Thank You

The operation of the Association is always difficult and the work and commitment of our staff has been excellent. They all have their hearts in their work and go well beyond their responsibilities. We thank them for their fine work.

Again our volunteers have performed astounding feats for the Association for which we are most grateful. I make particular mention of our Commission members and our immediate past President David Deeble. Whilst not being a Board member, David has provided both myself and the Board with excellent guidance and support. He has also taken on the position of organising committee Chairman for many of our big events last year and has promised to the same next season. His work has been exceptional. We thank David, our Board Members and all our other volunteers for their great work.

Finally, I would like to thank the member clubs and schools for their continued support of the Association and its work.

Andrew Guerin

## Chief Executive Officer Report

It has been challenging yet exciting to build on the successes of previous years and continue the growth that rowing has experienced in recent times.

Rowing Victoria has continued to set ambitious goals for growth and has implemented and resourced a number of development projects and improved and refined current practices to achieve these goals.

Development is now a key objective with regatta management and member services remaining core business areas. Items of note for the year include:

- Updating, implementing and reviewing rules, policies and guidelines
- Successful management of six major regattas, two being Australian Championships
- Conduct of a Club Forum to review the regatta season
- Gaining Marine Safety Victoria approval of our Safety Management Plan
- Resourcing and Implementing various development projects
- Contributing to Rowing Australian Strategic Plan and Competition Review.

### Rules, Policies and Guidelines

Major re-drafting of our rules was primarily carried out in the 2006-07 period however the consultations and review process was undertaken throughout 2007-08.

The Extreme Heat Guidelines, Level 1 & 2 BRO Policy, Rowing Score review were finalised and implemented throughout the year to ensure their currency.

### Regatta Management

Rowing Victoria successfully managed two Australian Championships, the 2007 Youth Cup Regatta and 2008 Australian Masters Championships and again conducted the Head of Schoolgirls and State Championships for Open 2000m and 1000m, Senior & Junior Schools and Masters.

### Club Forum

Albert Park and South Melbourne Rowing Club was the host of the 2008 Club/School Forum held on Saturday 19 April. The primary aim of the Club/School forum was work through some of the rule and policy changes implemented over the regatta season and focus future initiatives. More than 40 members from 25 clubs and schools attended the forum.

### PFD Legislation and Safety Management Plan

With the introduction of legislation requiring rowers to use personal floatation devices (PFD), our steering committee has worked hard to gain approval from Marine Safety Victoria our Safety Management Plan to be exempt from this requirement. The SMP was circulated to all clubs and schools in March and was a key item at the club forum. Rowing Victoria negotiated an 18 month phase in period of the SMP to achieve full compliance by March 2010.

### Development

Our focus on development increased significantly this year and will continue to be a priority. With Richard Bartlett coming on board in July 07 and restructuring the work undertaken by Braden Stokes in April 08 it is expected that development will drive the growth of the sport.

With the initiation of the Grassroots, Rising Athletes, Tomorrows Gold and Oars for All – Inclusive Participation programs and the ongoing refinement of the coaching and coxswains education programs rowing will only get stronger. Refer to the development report more details.

### Rowing Victoria History

Rowing Victoria receives numerous historical questions which are dealt with by the office and volunteers. The need for a thorough published history is growing, so work has commenced on it. The prospect of our 150<sup>th</sup> anniversary is approaching. Rowing Victoria seeks from clubs copies of their histories, no matter how old or small, to assist in the pursuit of this project.

### Acknowledgements

There were many remarkable achievements over the past year and congratulations go to:

- Australian Team Members
- Victorian Interstate Teams
- Victorian Youth Cup Team
- Interstate Masters Team
- Andrew Guerin – being awarded Life Membership to Rowing Australia

Thank you to all the volunteers, officials, rowers, coxswains, coaches and staff who have been involved in the continued success of rowing throughout Victoria. Rowing Victoria would not be able to achieve the successes it does without the passionate contribution of a large team consisting of:

- 9 Board members
- 53 members who serving on 10 Commissions and Committees
- 30 Level 2 and 500 Level 1 Boat Race Officials
- 25 regatta hosts
- 48 Clubs and 45 Schools
- 5 Staff

Special mention goes to:

- Our Board comprising Andrew Guerin (President), Eric Waller and David Pincus (Vice-Presidents), Matthew Pringle and Ian Burgess (Director Finance at different times), Peter Antonie, Denis Bourke, Rod Florence, Matthew Ford, Chris O'Brien, Rene Klupacs and Felicity Nutter for their involvement on the Board and contribution to the Association.
- Eric Waller, for continued work as Field of Play officer and his role on the Competition Commission and various regatta steering committees.
- David Deeble as Councillor to Rowing Australia and involvement with ROMS and various regatta steering committees namely the 2008 Australian Masters Championship.
- David Pincus and the Competition Commission for the improvements and refinements to competition formats, rules and the rowing score.
- Rene Klupacs and the Umpires Commission for the support provided throughout the regatta season.
- Rod Florence as a member of the Board member, Umpires, Competition and Best Practices Commissions and for his umpiring throughout the regatta season - 30 regatta days in total.
- Chris O'Brien, John Cumper, David Palfreyman and the VIS for the great work with Victoria's Elite Rowers and

their involvement in the National Elite Development Program.

- Denis Bourke, Krys Szatsznajder and John McKeand as members of the Medical Commission and finalising the extreme heat guideline.
- Roger Wilson as our valued regatta commentator.
- Brian Vear who passed away throughout the year for continued work various committees and regatta steering committees
- The Boat Race Officials for the enormous devotion of time and efforts to make rowing competition safe and fair for all concerned.
- Sport & Recreation Victoria, VicHealth, Victorian Institute of Sport and Rowing Australia for their continued support of Rowing Victoria's many programs and initiatives

Staff has been dedicated to achieving the highest standards and I thank each of them for their continued commitment and efforts over the past year.

- Alice Evans has continued to implement and develop ROMS and regatta operations.
- Jenny Schouten has streamlined and improved our account keeping processes.
- Richard Bartlett development and underage elite work have done much to achieve key objectives
- Braden Stokes work in member services and development as been invaluable
- Rosie Sidhom work over the regatta and masters season was greatly appreciated

Thank you to both Regina Kennedy (Competition and Events Coordinator) and Phil Stanford (Member Services Co-ordinator), who left us in September, for the contributions they made during their time with Rowing Victoria.

I look forward to continued growth and development over the coming year and hope that all those involved in rowing continue to strive for similar goals.

Daniel Hutchinson

## Competition and Regatta Operations Report

The 2007-08 season saw 39 regattas run in Victoria including the 2007 Australian Youth Cup and the 2008 Australian Masters Championships which were both held at Nagambie Lakes Regatta Centre. The 2008 season comprised of four state championship regattas and various school, club and masters regattas.

Regattas were held at courses throughout Victoria – The Barwon River in Geelong, The Yarra River, Nagambie Lakes Regatta Centre, The Maribyrnong River, National Water Sports Centre at Carrum, Lake Hamilton, Lake Moodemere Rutherglen, Lake Weeroona in Bendigo, Murray River Mildura and Darling River Wentworth.

Rowing Victoria would like to congratulate the many regatta committees and host clubs/schools who ensured the regattas were successfully coordinated and run.

We would also like to thank the Umpires Commission and the many level 1 and level 2 boat race officials who tirelessly make our regattas run smoothly and safely. The continual support of these individuals is required to enable the effective running of these regattas.

Thank-you to Eric Waller, Field of Play Director and Rod Florence for visiting many regatta venues and assisting hosts to ensure a safe and fair racing environment.

Rowing Victoria acted as the Event Manager for the 2008 Sykes Racing Head of the Schoolgirls regatta held on the Barwon River in March and provided operational support to the APS Heads of the River held in Nagambie.

Rowing Victoria conducted a very successful

2008 Australian Masters Championships and 2007 Youth Cup with competitors from around Australia competing in their various events. Thanks to all who supported and volunteered at these events.

The Rowing Score was reviewed and slight changes made to streamline the competition formula at regattas in Victoria.

ROMS and RP7 the regatta entry system and regatta management systems were used for the second season to conduct regattas in 2007-08. The processes and programming was streamlined to ensure effective and efficient management of the 39 regattas conducted throughout the season.

ROMS underwent significant development in the areas of regatta management and database and membership management throughout the past 12 months and is now used by most state rowing associations throughout Australia.

## Development Report

2007-08 saw a significant increase in the development activities undertaken by Rowing Victoria through the implementation of the grassroots, rising athletes and tomorrow's gold programs and the continuation of coach and coxswain education.

Development is an area that Rowing Victoria intends to focus more of its resources, this is in recognition of its importance placed on growing the sport.

### Grass Roots

In the initial stages of the grassroots program, Rowing Victoria gained insight into programs that clubs were operating and how they operated them. We were able to gauge the challenges each club faced, some of the success they had and also the longer term potential for a partnership with RV.

Rowing Victoria now has strong ties in the Grassroots program with 6 clubs. We continue to work with a further 4 clubs for inclusion by June 30 2009. Other clubs have also shown interest or been targeted for inclusion in a program of this type in the future.

Numerous visitations to schools have been made on behalf of clubs to promote the sport and these (through feedback from the clubs) have resulted in increasing the interest in the sport and increased numbers at learn to row days. It is clear from the work completed so far that our clubs all face different challenges in the development of underage rowing that include coaching, equipment and of course access to water.

RV ran a Grassroots forum in June. Each club was asked to send two representatives. Club coaches were given the opportunity to go out in a launch/boat with current Australian U23 coaches. The group visited the VIS and received a lecture from the VIS Rowing strength and conditioning coach who spoke on strength and conditioning programs for adolescents. Josie Millard from Balwyn High School presented the outcomes from a successful partnership between Balwyn High School and Hawthorn Rowing Club as well as discussing the ways in which the current generation learn and develop skills.

Clubs were given the opportunity to present their program to each other as well as describe some of

the successes and barriers they faced. This discussion proved invaluable as clubs realise they all face similar challenges.

Overall, the greatest indicator of club success in increasing membership in underage programs is a professional club structure. Strategic initiatives for the future need to focus on this area.

Rowing Victoria revived the Victorian Secondary Schools Sports Association (VSSSA) regatta as a peak event for schools associated with clubs in the grassroots program. The regatta attracted 141 participants' from 16 schools (15 not affiliated with RV). Feedback was extremely positive and this event provides great promotion of the sport in the government system and is great for RV clubs whose underage members have the opportunity to work with local schools. Statistics indicate an increase in participation and membership in all grassroots clubs.

### Rising Athletes

The Rising Athletes Squad was initiated to identify and develop a large group of boys and girls between the age of 16 and 18 years old. 64 boys and girls were selected from various activities. The benefits were that we were able to provide an opportunity for recognition and development.

The Rising Athletes Squad culminated in a three day camp in December where 32 of the best young boys and girls were rowed together, received top level coaching and were introduced to elite club representatives. Many of these athletes were brought together again following peak schools races with the aim of selection into the Australian u-19 team. Although we did not achieve representation the initiative provided more talented combinations from the increased lead time.

## Development Report, *continued*

By investigating the NZ HP program Victoria sent a team to NZ for an U-18 competition with teams from the North and South Islands. A previous initiative, the re-introduction of this program allowed us to take the identification process for U-19 a year back and also once again provided a state opportunity for representation and recognition.

Both these programs have associated benefits to RV clubs. Our clubs were provided with a pathway to stream talented underage athletes and then profile these back to younger aspirants. These activities also provided opportunities for coaches to gain a state level experience and mentoring.

Rowing Victoria had an increase in event participation in the 2007/08 season as a consequence of us increasing the racing opportunities at RV regattas through the introduction of and U17 and U19 double and quad scull events. A key factor in the development of our young club athletes is the opportunity to row in different boat classes at regattas. There has been an increase in the entries at Under 21 level for the Men but a decrease in entries in Female U21 and both Male and Female U23 events. At U23 level the decrease can be attributed to National trials coinciding with RV regattas and many of our U23's racing in open categories this year.

The recruitment of school leavers to clubs has long provided a challenge and raised the question "Why do so few want to continue with our sport beyond year 12". We know that much of this question is answered by the style of programs offered at schools. Historically recruitment is determined by a positive

school program or an encouraging coach. RV has worked with schools this past year to promote our underage pathway beyond school

To improve the retention between school and club rowing RV introduced the School leaver recruitment Program as a means of centralising the process through RV as the peak body for rowing in Victoria. Year 12 rowers now register their intention to row beyond school through the RV website. As such, all nominee's personal details are logged and the introduction to club open days begin. Young people communicate electronically and the program reflects this.

In total 62 boys and girls from a total of 408 affiliated in year 12 moved from school to the elite club stream (15%). Moreover there were 3 boys and 3 girls club Youth VIII's at the 2008 State Championship's. RV helped to place a further 15 boys and girls into the club stream from the 2007 Alumni.

### **Tomorrow's Gold**

The identification and development of talented U23 athletes has taken place through the Tomorrow's Gold Squad. This initiative saw fortnightly rows of the best U23 rowers selected from the NTC Time Trials. This group also attended a 3 day camp in Nagambie where combinations were developed and assessed for National Championships and national trials.

Victorian results were both above targets set by Rowing Australia and consistently above other states. Victoria had a target of 41 athletes under management at June 30 2008. At June 30, RV's

**Participants in the NEDP Camp at Nagambie in in December 2007**

## Development Report, *continued*

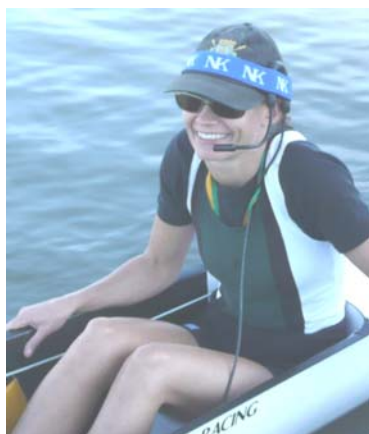

NEDP clubs had 48 athletes under management with a further 26 athletes involved in National Elite Development Program (NEDP) activities through Rowing Victoria. Of the 23 Under 23 athletes in the Tomorrow's Gold Squad, 10 competed as part of the Australian Team at the World U23 championships.

### Good Coxswain

Rowing Victoria ran nine Level 1 Good Coxswain courses in 2007/2008. The total number of coxswains educated via the program is now 151.

This season also saw the implementation of the online assessment quiz to complement the Level 1 course.

Participants are now required to undertake this quiz post-course to complete their accreditation.

### Coaching

The 2007/2008 season saw the number of accredited coaches grow to 245. Due to the increase in demand, Level 1 courses were held throughout Victoria at clubs including Barwon, Corowa, Hawthorn, Richmond, Banks, Bendigo, Essendon and Xavier College. The total number of coaches to attend courses in 2007/08 included:

Level 1 – 118 (increase of 19 on 2006/07)

Level 2 – 9

Level 3 – 7

Oars for All—Vision Impaired Program

### Oars for All – Inclusive Rowing

The 2007/2008 season saw the roll out of the VicHealth PICSAR disadvantage program work plan, which aims to provide an increase in participation at all levels of sport and active recreation particularly for people with disabilities and from disadvantaged backgrounds.

The backbone of this plan was the implementation of a Learn to Row program for young adults with low vision at Power House Rowing Club. This project in conjunction with Rowing School Victoria, Vision Australia, Blind Sports Victoria and the City of Stonington enabled this group to experience the thrills of rowing and lay the foundations for future participation. As a result of the program a resource will be created to help assist clubs in providing inclusive rowing programs into the future.

### Waterways Education Program

Rowing Victoria and Melbourne Water (MW) developed a river education program aimed at promoting healthy waterways and altering current litter behaviours within MW's jurisdiction. The program was aimed at school rowers and saw each rower given a distinctive reusable water bottle to eliminate the need for the disposable type that are regularly left on the banks and in litter traps. The program involved 27 schools and over 2000 school rowers.

### Website

Membership of the Rowing Victoria website increased to 1438 members. This increase allowed a greater transfer of information to our membership base and resulted in more informed participants. A new user friendly front page allowed for more effective information display and increased useability.

## Participation Statistics

There were three fewer regattas in 2007-08 which as resulted in a slight decrease in the number of crews, seats and individuals who participated last season. The table below is part of the reporting the Board uses to track the participation in rowing.

## Membership Statistics

The compressed regatta season and the 3 fewer regattas in 2007-08 than the previous year resulted in a small decrease in the number of rowers competing at RV regattas for the year. The drought continued to impact overall numbers again but was no worse than the previous year. Disappointingly, the number of rowers competing in RV regattas did not increase in the past season and we look forward to seeing some growth appearing next season. Below are the membership statistics for each year since 2001-02.

We suspect that there is growth in participation in the sport at the recreational non-competitive levels which are not captured by these figures. Next year we will be seeking more extensive figures from member clubs and schools to gauge the true activity figures of the sport.

## Umpires Commission Report

This season has been a season of change. We have been and continue to be faced with changing environmental conditions which have affected available waterways as well as arrangements for competition. Despite the level of change evident, some things remain the same, particularly the dedication and support provided to our sport in Victoria by a sterling band of volunteers; our umpires have risen to the challenge.

This last season was a short one as Easter was early, compressing the season. While the competition saw a reduction in regatta days, there was an increase in the weekends with multiple regattas which placed greater pressure on our umpires requiring most weekends in February to have sufficient umpires to cover 2 on the same day and sometimes 3 regattas across multiple venues over the weekend. I would like to thank all the umpires for making the effort and ensuring our athletes were able to compete.

While all our umpires made a great effort, I would like to highlight the heroic efforts of one. Rod Florence is by far our most hardworking umpire. He managed to work at least 30 regatta days for RV this past season – a staggering achievement – while also supporting RA at a number of National events. Not content with this enormous workload, Rod also finds time to support his beloved APSMRC as secretary, has continued his involvement with the Umpires Commission since stepping down as chairman after 9 years in 2006, represents small clubs on the Competition Commission and finally sits on the RV board. Rod is truly a servant of the sport and deserves our recognition which I am certain he receives from all at RV as well as our thanks which is a small repayment for all of the work he has done over so many years. Thank you, Rod.

With Rod's help this last season the Umpires Commission has been able to begin the process of implementing NOAS – the National Officials Accreditation Scheme – which is under the auspices of the ASC. This initiative is due in no small part to the tireless work of Andrew Guerin in his capacity as Chair of the RA Umpires Commission. RVs part in the scheme sees Victoria again take the lead as it so often does in rowing. Our Level 1 program was the basis for Level 1 accreditation within the

scheme. Victoria is also the most represented at the Level 2 level with an expected 50 Umpires to be accredited by the end of the next season. We also hope to boost our Level 3 Umpires group ( National Level umpires ) this next season as well as gaining at least one more Level 4 ( FISA International ) umpire. The Umpires Commission has been considering a number of candidates for Level 3. If any Level 2 umpire wishes to be considered, please contact myself or any of the commission members. Any member of RV who wishes to join the ranks of RV Umpires, please contact the office.

I would like to thank the Commission members – Rod Florence, Robin Burrows, Rob Allan and Dave Grubits for an outstanding year. Many things have been dealt with this last season including NOAS, planning for the revamping of the commission, running seminars and developing new umpires. The work continues and grows each season. Without the dedicated support of these volunteers, we would not be able to safely and fairly conduct regattas in Victoria.

My heartfelt thanks to each and every Umpire at all levels for making this past season a success.

## High Performance Report

Rowing Victoria continued its close relationship with the VIS and the VIS Rowing Program this year working with Chris O'Brien, John Cumper and David Palfeyman (upon John's secondment to the AIS with the Women's Olympic 8+ and 2-). This relationship has also developed with Rowing Victoria's State Development Coordinator playing a role in high performance by undertaking under 19 and under 23 National Elite Development Program management.

The work of the VIS has resulted in great performances by Victorian rowers which are highlighted throughout this report.

## Finance Report

I am pleased to present the financial statements with this report together with the auditor's report thereon.

Rowing Victoria continues to be managed on a sound financial footing as the premier association in the country. Whereas RV has recorded a small loss for the year of \$8,393 (compared to a trading loss for the prior year of \$1,204), it hides a significant change in the structure of the organisation that has occurred in the last 12 months.

Revenue from trading activities has increased by 24% despite a fall in affiliation fees through lower rowing numbers. The principal cause of the increase is substantial new revenue coming from government grants focussed on specific programs, particularly the training and development programs currently being undertaken by RV. There has also been a modest investment in infrastructure both in terms of the running of the organisation and in rowing and regatta equipment over the last year.

Gross revenue (excluding the prior year's profit on sale of shares) has risen by 24% to \$920,911. This includes a 149% increase in government grants to \$210,000 excluding further grant revenue of \$57,000 that has been carried over into the 2009 year. The vast majority of this additional revenue has been spent on increased staff numbers in RV with their focus being predominantly on the development strategies enunciated further in the annual report.

Net assets of the association have fallen by \$60,888, representing the loss for the year of \$8,393 and a reduction in the value of the investment portfolio of \$52,495. This reduction in the portfolio to 30 June 2008 of 9.5% is a reflection of the current stock market volatility.

Going forward the Board of RV has adopted a policy of budgeting for an approximate breakeven position. There are a number of challenges facing RV, with the need to maintain and grow the level of government support and also to make up significant losses in revenue due to a fall in the number of national and interstate regattas being held in Victoria over the next few years. The national and interstate regattas have been a source of additional revenue for RV that the Board is working hard to replace so that the programs and services RV offers its members can continue to expand and improve.

Yours faithfully

Matthew Pringle  
Finance Director

### ROWING VICTORIA INCORPORATED

#### NOTES TO AND FORMING PART OF THE ACCOUNTS

#### FOR THE YEAR ENDED 30 JUNE 2008

#### 1. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

The financial report is a special purpose financial report prepared in order to satisfy the financial reporting requirements of the Associations Incorporation Act (Victoria). The board has determined that the association is not a reporting entity.

The financial report has been prepared in accordance with the requirements of the Associations Incorporation Act (Victoria) and Australian Accounting Standards relevant to prescribed associations.

The financial report has been prepared on an accrual basis and based on historical costs and does not take account changing money values or, except where specifically stated, current valuations of non-current assets.

The following material accounting policies, which are consistent with the previous period, unless otherwise stated, have been adopted in the preparation of this financial report.

(a) *Revenue recognition*

Sponsorship contributions are generally recognised as revenue on receipt except for specific sponsorships or donations for which the Association has received a commitment from the sponsor or donor.

Proceeds from additional activities are recognised on receipt. Interest revenue is recognised as it is earned. Donations and dividends are recognised when the Association receives control over the related funds.

(b) *Depreciation and amortisation of property, plant and equipment*

Property, plant and equipment are depreciated over their estimated useful lives to the entity using the diminishing value method. Depreciation rates currently applied to each class of asset are as follows:  
Office equipment 7% to 40%  
Regatta and rowing equipment 7% to 50%

(c) *Employee benefits*

Liabilities for employees for wages and salaries, annual leave and other current employee benefits excluding long service leave are accrued at nominal amounts calculated on the basis of current wage and salary rates.

(d) *Payables*

These amounts represent liabilities for goods and services provided to the company prior to the end of the financial year and which are unpaid. The amounts are unsecured and are usually paid within 30 days of recognition.

(e) *Cash and cash equivalents*

Cash and cash equivalents include cash on hand, deposits held at call with banks and other short-term highly liquid investments.

### ROWING VICTORIA INCORPORATED

#### NOTES TO AND FORMING PART OF THE ACCOUNTS

#### FOR THE YEAR ENDED 30 JUNE 2008

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

(f) *Financial assets*

Debenture securities are included in the accounts at cost with any premium or discount on acquisition being amortised on a straight line basis to maturity, being the date to which they are normally held.

Listed equity securities are included in the accounts at fair value. Unrealised gains and losses arising from changes in fair value are taken directly to equity.

(g) *Inventories*

Inventories are measured at cost, adjusted when applicable for any loss of service potential.

(h) *Goods and services tax (GST)*

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office. In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of expense. Receivables and payables in the Balance Sheet are shown inclusive of GST.

(i) *Impairment of assets*

At each reporting date, the company reviews the carrying values of its assets to determine whether there is any indication that those assets have been impaired. If the carrying amount of an asset is greater than its recoverable amount, the asset is written down to its recoverable amount. The write-down is recognised as an expense in the income statement in the reporting period it occurs.

(j) *Available for sale financial assets*

All investments are classified as available for sale financial assets. Available for sale financial assets are reflected at fair value unless the fair value cannot be reliably measured. Unrealised gains and losses arising from changes in fair value are taken directly to equity.

(k) *Critical accounting estimates*

The Directors evaluate estimates incorporated into the financial report based on historical knowledge and best available current information. Estimates assume a reasonable expectation of future events and are based on current trends and economic data, obtained both externally and within the Association.

*Key judgements – Doubtful debts provision:*

Included in accounts receivable at 30 June 2008 is an amount receivable from the rowing clubs which is material. The Directors believe that the some of the amount of the debt will not be recoverable and a doubtful debt provision has been made at 30 June 2008.

(l) *Comparative figures*

Where required by Accounting Standards comparative figures have been adjusted to conform with changes in presentation for the current financial year.

### INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF ROWING VICTORIA INCORPORATED

#### Report on the Financial Report

We have audited the accompanying financial report, being a special purpose financial report, of Rowing Victoria Inc, which comprises the balance sheet as at 30 June 2008, and the income statement, statement of changes to equity, cash flow statement and a summary of significant accounting policies, other explanatory notes and the statement by members of the board.

#### Board's Responsibility for the Financial Report

The board of the association is responsible for the preparation and fair presentation of the financial report and have determined that the accounting policies described in Note 1 to the financial statements, which form part of the financial report, are consistent with the financial reporting requirements of the Associations Incorporation Act and are appropriate to meet the needs of the members. The board's responsibilities also include establishing and maintaining internal control relevant to the preparation and fair presentation of the financial report that is free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

#### Auditor's Responsibility

Our responsibility is to express an opinion on the financial report based on our audit. No opinion is expressed as to whether the accounting policies used, as described in Note 1, are appropriate to meet the needs of the members. We conducted our audit in accordance with Australian Auditing Standards. These Auditing Standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial report in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the committee, as well as evaluating the overall presentation of the financial report.

The financial report has been prepared for distribution to members for the purpose of fulfilling the board's financial reporting under the Associations Incorporation Act. We disclaim any assumption of responsibility for any reliance on this report or on the financial report to which it relates to any person other than the members, or for any purpose other than that for which it was prepared.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### Independence

In conducting our audit, we have complied with the independence requirements of Australian professional ethical pronouncements.

#### Auditor's Opinion

In our opinion the financial report of Rowing Victoria Inc as of 30 June 2008 presents a true and fair view of the financial position of the Association as at that date and its financial performance for the year then ended in accordance with the accounting policies described in Note 1 to the financial statements.

Signed at Melbourne this 16<sup>th</sup> day of September 2008.
