5. **THE STARTER MAY DISQUALIFY ANY CREW NOT AT THE STARTING LINE AT THE ADVERTISED STARTING TIME**, unless the starter has been officially informed that for some good reason the starting time of the race has been delayed. In 1998 a Girls' 1st VIII replaced the 1st and 2nd IVs.

In 1999 there was no Boys' 5th VIII, but two boys' Year 10 Eights were included. A Girls' 2nd VIII and two girls' Year 10 Fours replaced the Girls' 3rd and 4th IVs. The Girls 5th IV remained.

In 1999 and this year Firkbank Grammar School rowed by invitation.

100 YEARS AGO

The headmasters have agreed that this year we should commemorate the race of 100 years ago. The four schools who raced then will be represented on Saturday and will row in sliding seat, outrigger best fours kindly lent to us by Woolloomanata Boat Club. These four boats closely represent those used 100 years ago. The crews are selected Old Boys from the respective schools and the oars not unlike those used so long ago.

The following are the details of the original crews:

THESE EXTRACTS FROM THE MELBURNIAN AND THE GRAMMAR SCHOOL QUARTERLY PAINT THE PICTURE

From the Melburnian (MGS) of December 1900

First Crews' Race.

The race was rowed on the Upper Yarra, from the Botanical Gardens Bridge to Prince's Bridge, on Friday, October 12.

This course is about 200 yards short of the mile and a quarter, and is not so straight as it was expected to be after the cutting off of the Baths Corner; the bends are however on both sides so that they compensate for one another.

Mr. H. A. C. Irving got the crews away soon after 4; Wesley on the North Station caught the water first and were soon followed by the Scotch who lay next them. They soon left the other two crews behind, and raced level to the first bend, where the Wesley, steering too close in, struck the mud and caught a crab. Scotch were ahead of them by the time they recovered, and then led all the way home. Wesley still rowed hard after them, getting a great deal of pace out of their boat; but rounding the last corner they caught another crab, and the Scotch paddled in winners by four lengths. Wesley were a length and a half in front of the School, who had a great struggle with Geelong for third place, which they managed to get by about a length.

The Scotch College were a really good school crew; using their slides with their swing, they applied their body weight well, so that there was no ineffective blade work, though they were not pretty, owing to various individual body faults, they were well together and steady forward, and were much the best crew.

Wesley college were rough, but very strong, and as, during the last week of practice, they had been getting more pace out of their boat at sharp work than the School crew, their second place was not quite unexpected. The School crew were short forward, and not thoroughly together; they rowed a plucky stern chase, and gained well on Geelong, behind whom they rowed for three quarters of the distance.

Geelong, though the heaviest, were much the youngest crew, and had not the strength of the others.

From the Grammar School Quarterly (GGS) of December 1900

We drew the second station for the race, Melbourne Grammar got south, Scotch lay next to us to the north, and Wesley had the north station. Mr. H. Irving got the boats away at once to a very good start. Scotch and Wesley, favoured by their position on the inside of the bend, took an immediate lead, while we lay third, and Melbourne Grammar steered too close to the south shore were last. At the old Bath's corner bend, now much reduced, Scotch had a lead of a length and a half, and the Wesley cox, in the endeavour to cut the corner brought his No.3's oar in contact with the bank, and this caused a crab. Profiting by this mistake, Scotch drew further ahead, and beautifully steered from point to point, finished winners by two-and-a-half lengths from Wesley College, who were about the same amount ahead of Melbourne Grammar. The latter caught us about the Pontoon bend, and after a good race finished a length ahead of us. Messrs. W. Potter, H. Irving, and S. Bird, acted as umpire, starter, and judge respectively.

The following two pages shows the repechage systems used for Boys' Eights.

A BRIEF HISTORY

In 1868, John C. Field, on behalf of Mr. Morrison's pupils at Scotch College, challenged Dr. Bromby's pupils at Melbourne Grammar School to a "friendly four oar gig race to be rowed from the Botanical Bridge to Edward's Boathouse (Princes Bridge)". Recent research about this race on the Yarra has shown the Scotch Crew was stroked by J. Brady (not John Field as previously stated). On the 18th June Scotch won the race and since then the "Head of the River" race, as it is now known, has been contested every year. The race was first rowed on the Barwon in 1879 and then every fifth or sixth year until 1916. Between 1921-1943 the Barwon saw it every fourth year and since 1948 the only use of the Yarra was in 1957 when Geelong College won. During World War 2 the Geelong Schools rowed a heat on the Barwon and the four Melbourne Schools rowed heats on the Yarra. These races were held after school, the winners met on the Yarra to decide the title except in 1943 when restrictions on travel were in force. From 1868 to 1897 racing was in fixed seat, four oared gigs, from 1889 to 1900 in sliding seat single streak outrigger fours and from 1901 to 1918 in sliding seat clinker built eights. Shells have been used since.

Scotch College has been represented every year, gradually other schools have joined in, the most recent being Haileybury College who entered the First Eight event for the first time in 1991.

The first cup for competition was presented in 1875 by the Hon. T.J. Sumner, to become the property of the school which should first win it three times. Scotch College won it in 1875, 1876 and 1879 and have retained it since that date.

In 1911 Mr. C. Fairbairn presented the Challenge Cup and the winners of this handsome trophy and previous "Winners of the Race", as it was known then, are listed in this programme.

The Head of the River races have weathered such difficulties as flooded rivers, disputes over ages, dead heats, disqualifications, and even the inability of a school to round up enough rowers to boat a crew.

Before World War 2, only the first crew of each school took part in the Head of the River Regatta, but there was a race for second crews and sometimes third crews raced on the Saturday prior to the Head of the River race.

In the early part of the century the race was held in October, but later it was moved to May and after World War 2 to April. When the race was in October it was possible for a boy to represent his school in Football, Cricket, Rowing and Athletics in the one year, as the latter were held in May after the Cricket season had ended.

The first girl to row within the APS was a lone sculler from Geelong Grammar School in 1972. By 1975 there were 32 girls rowing and talk of girls competing at the Senior Regatta which, in fact, happened in 1981 when Geelong Grammar and Geelong College competed with MCEGGS, Morongo and Lauriston in 1st and 2nd Fours over 800m on the Friday. MLC and Carey joined the racing in 1982, with Carey boating a First Four in 1983. In 1984 there were seven girls' crews rowing in each of 1st, 2nd and 3rd Four events but in the next year the regatta reverted to an all APS affair with only GGS and GC boating a First Four. In 1986 Carey reappeared in the First Fours and Wesley joined, so, finally, with Caulfield joining in 1987, all five co-educational schools were boating a first four over 1500m. The first girls' crews now use racing boats over 1500 metres and many of those who have competed have gone on to National and International success. In 1995 fourth and fifth girls' crews were introduced, racing over 1000m in regulation fours.

The schools take part in a number of V.R.A. Regattas, including those at Ballarat, Geelong, Footscray, Carrum and Melbourne while the Junior Crews compete in V.R.A. and A.P.S. School Regattas and the A.P.S. Junior Regatta. The girls regularly compete at the Head of the Schoolgirls whilst many crews compete, when practical, for both State and National titles.

Repechages are used for all boys' crews to give losing crews in the heats a chance to row in the Division A Final. Too often, in the past, two of the best crews have been in the same heat. All boys' crews now row over 1500 metres in racing boats.

Each year the A.P.S. Delegates' Committee invites winning 1st crews of 50 and 40 years ago to the Regatta. This year representatives of the winning 1939 and 1949 Melbourne Grammar and 1959 Geelong College crews are here as guests.

The finish area of the South Bank, upstream from the Moorabool Bridge, will be closed to vehicles. This is a dry area and no alcohol will be allowed. This has been decided so that the great majority of spectators may enjoy the Regatta. The car parking areas are on the Belmont Common, behind the Dry Area, the Barwon Valley Reserve and the North Bank. There is no parking along the Road south of the river, or in Barrabool Road. Barrabool Road between the Princes Highway and River View Terrace will be closed on Saturday until 2.00 p.m.

Parking in the Barwon Valley Reserve gives access to the River Bank between the McIntyre and the James Harrison Bridges. \$10 per car.
